MINUTES:

Motion to approve the Budget & Finance minutes July 6, 2016 was made by Commissioner Peters, seconded by Commissioner McAmis. All agreed.

DISCUSSIONS:

Mayor David Crum introduced Mr. Matt Garland whom has accepted the position as President and Chief Executive Officer of the Greene County Partnership. He is requesting that the Mayor to incur costs for contract activities for the Forward Air project prior to the award of a State Contract under the fast Track Economic Development program. County Attorney Woolsey said this will expand employment and it should be taken to the County Commission for approval. There is no request for funds. Commissioner Tucker made a motion to approve a resolution to move forward with project. It was seconded by Commissioner Peters.

The General Fund was looked through. With the \$50,000 revenue adjustment, expenditures and the budget looking with an ending fund balance of estimated 3 million. No change in tax rate. One added in Property Tax Assessors, two in Circuit Court Clerk's office, Bridge is included. Pay rate increase of 2.03%, Four SRO officers funded. If the Commissioners want 17 SRO it would take around \$780,000. It will be up to the full Commission to make the decision to amend the resolution.

Budget Meeting-Minutes

August 3rd, 2016

Greene County Annex Conference Room, Greeneville, Tennessee

In the Solid Waste fund, the front End loaders need repaired. The Mayor said that a penny and a half had been taken out from Solid Waste when he first came in office. The fund balance has been declining. If Solid Waste was left as is now, it would be down \$300,000. Mayor said that it would take 10 cents for Solid Waste to make it liable. By digging into the General Fund balance, Solid Waste will be able to keep the hours the same. Its fund balance would be projected as \$166,000.

Highways fund balance is projected to have \$640,591 left at the end of the year. Highway is adding more into asphalt, salt and equipment. No paving besides State Aide roads.

Final decisions were to take from the General Fund balance and balance the funds without a Property tax increase. Let the County Commission amend the resolutions if needed.

Commissioner Peters made a motion that the budget document be sent as presented to the County Commission without a Property tax increase. It was seconded Commissioner Tucker. All were in favor.

NEXT MEETING:

The next meeting is scheduled for Wednesday September 7th, 2016 at 1 P.M in the conference room of the Greene County Annex building.

Respectfully submitted,

GREENE COUNTY PERSONNEL POLICIES COMMITTEE

August 31, 2016

Greene County Annex Building, Greeneville, Tennessee

MEMBERS PRESENT:

Mayor David Crum – Ex Officio
Frank Waddell – Commissioner
Dale Tucker - Commissioner

Butch Patterson – Commissioner
Brad Peters – Commissioner

MEMBERS NOT PRESENT: Commissioner Robin Quillen, Commissioner Eddie Jennings

ALSO PRESENT:

Lori Bryant - County Clerk
Reid Seals – WGRV
Sheriff Pat Hankins

CALL TO ORDER:

Mayor Crum called the meeting to order at 8:30 A.M. in the conference room at the Greene County Annex.

MINUTES:

A motion to approve the minutes from February 6, 2015 was made by Commissioner Brad Peters, seconded by Commissioner Dale Tucker. All agreed.

DISCUSSION:

Mayor Crum gave everyone a few minutes to look over the material handed out. This included a copy of the current Greene County Travel policy with suggested changes. Per Mayor Crum, the Travel Policy is antiquated in that it has not been updated since 2003. Also discussed was the need to change the status of some County employees due to new requirements under the Federal Labor Standards Act (FLSA) which take effect on December 1, 2016.

Per Mayor Crum, because of the changes to FLSA, some employees will need to be changed from salary exempt to salary non-exempt. A resolution to make these changes needs to be sponsored by this committee.

Sheriff Pat Hankins stated that the new limit of 160 hours on comp time seems pretty low and that another county is going to allow up to 480. Mayor Crum stated that if a department wanted to have higher allowance, they would have to be responsible for pay out if the employee leaves.

Butch Patterson asked Brad Peters if the City has an allowance for emergency personnel to go higher than 160. He asked if there is a federal guideline for this. Butch Patterson stated that this needs to be looked into. Allowing 480 hours could put a department in a bind if having to pay out.

Sheriff Hankins stated that he is thinking of the SRO's with this.

Mayor Crum asked for a motion to sponsor a resolution. Motion was made by Brad Peters and second by Dale Tucker.

Discussion then turned to the County Travel Policy. Mayor Crum showed the committee members changes he thinks would make the policy better and up to date. Motion was made by Brad Peters and second by Butch Patterson to adopt the proposed changes to the Travel Policy.

Meeting was then adjourned.

CALL TO ORDER:

Mayor Crum called the meeting to order at 4:00 P.M. in the conference room at the Greene County Annex.

MINUTES:

A motion to approve the minutes from January 13th was made by Commissioner Dale Tucker, seconded by Commissioner Frank Waddell. All agreed.

DISCUSSION:

Mayor Crum gave everyone a few minutes to look over the material handed out. This included information from concerning personnel policies from the CTAS website and state laws related to this. Also handed out was a copy of the 2015 Holiday Schedule for the County employees.

Discussion was then centered on what the state law requires and how it relates to elected officials. Mayor Crum suggested having a workshop with the elected officials to get them on board.

Roger Woolsey suggested the committee come up with concepts that they think is fair. Need to come up with a document that defines part time vs full time, probationary period, and seasonal employees and what benefits to give. Roger stated that there are new restrictions based on the Affordable Care Act (Obama Care) and this will also have to be looked at.

Mayor Crum asked each member of the committee to send an email to the Mayor's office on how their current employer defines part time, full time, seasonal and the benefits involved. Once that is received it will be put together and brought back to the next meeting. Roger Woolsey also suggested they consider leave policy for sick leave, holidays, and vacation time for the different types of employees.

The next meeting will be scheduled after the requested information is received..

Meeting was then adjourned.

Darin and Sharon Patterson Property Subdivision. The Planning Commission considered granting preliminary and final approval to the Darin and Sharon Patterson Property Subdivision, for two lots of 4.38 acres, located adjacent to South Greene Street in the 18th civil district. Staff stated that research on the property revealed that the tax map was in error, as it showed the right-of-way of South Greene Street extending into the middle of the property. This mistake was being corrected by the Greene County Property Assessors office. The Planning Commission was informed that the certificates of completion of the existing septic systems had been verified by the Tennessee Department of Environment and Conservation, Ground Water Protection Services. Staff recommended granting preliminary and final approval to the plat as the review fee had been paid, all signatures had been obtained, and the plat met all other applicable requirements of the "Subdivision Regulations". A motion was made by Edwin Remine, seconded by Gary Rector, to grant preliminary and final approval to the plat for the reasons stated. The motion carried unanimously.

Redivision of Tract 7 of the Marvin Gass Casteel Property Subdivision. The Planning Commission considered granting preliminary and final approval to the Redivision of Tract 7 of the Marvin Gass Casteel Property Subdivision, for one lot of 2.44 acres, located adjacent to Harmony Circle in the 12th civil district. “Subdivision Regulations”. A motion was made by Gary Rector, seconded by Alford Taylor, to grant preliminary and final approval to the plat for the reasons stated. The motion carried unanimously.

Betty Scott Subdivision. The Planning Commission considered granting preliminary and final approval to the Betty Scott Subdivision, for 2 lots of 3.82 acres, located adjacent to Rock Quarry Road in the 20th civil district. The Planning Commission was informed that the certificate of completion of the existing septic system had been verified by the Tennessee Department of Environment and Conservation, Ground Water Protection Services. Staff recommended granting preliminary and final approval to the plat subject to payment of the review fee, as all signatures had been obtained, and the plat met all other applicable requirements of the “Subdivision Regulations”. A motion was made by Edwin Remine, seconded by Gwen Lilley, to grant preliminary and final approval to the plat for the reasons stated, subject to payment of the review fee. The motion carried unanimously.

Replat of Lots 21-23 of the Robert G. Orr Property Subdivision. The Planning Commission considered granting preliminary and final approval to the Replat of Lots 21-23 of the Robert G. Orr Property Subdivision, for one lot of 3.71 acres, located adjacent to Kingsport Highway in the 20th civil district. The Planning Commission was informed that the certificate of completion of the existing septic system had been verified by the Tennessee Department of Environment and Conservation, Ground Water Protection Services. Staff recommended granting preliminary and final approval to the plat as the review fee had been paid, all signatures had been obtained, and the plat met all other applicable requirements of the “Subdivision Regulations”. A motion was made by Gary Rector, seconded by Alford Taylor, to grant preliminary and final approval to the plat for the reasons stated. The motion carried unanimously.

Administrative Minor Subdivision Plats. Staff stated they had approved the following plats administratively.

- Subdivision of Lloyd Lowery Redivision of lots 14-16 and lot 20, for one lot of 4.46 acres, located adjacent to Newport Highway in the 25th civil district.
- Subdivision of H.F. Ramsey Farm of lots 20-22, for two lots of 4.86 acres, located adjacent to McGee Lane in the 16th civil district.
- Subdivision of Theron Shelton Estate Redivision of tract 2, for one lot of 3.00 acres, located adjacent to Old Jonesboro Road in the 1st civil district.
- Subdivision of Richard Lee Bailey Property, for two lots of 0.485 acres to be added to adjoining properties, not to be sold as stand-alone-lots, located adjacent to Gibson Road in the 9th civil district.

A motion was made by Phillip Ottinger, seconded by Alford Taylor, to accept the list.

Monthly Activity Report for the Building and Zoning Office. The Planning Commission received copies of the monthly activity report for Greene County Building/Planning/Zoning. A motion was made by Gary Rector, seconded by Edwin Remine, to accept the monthly report. The motion carried unanimously.

Proposed Checklist for the Greene County Subdivision Regulations. Staff requested approval of a checklist that summarized the requirements of the "Greene County Subdivision Regulations". The Planning Commission was informed that the checklist was needed because plat requirements in the "Regulations" were presented in a confusing manner. Also, approval of the checklist would clarify what items were required to be shown on final plats where infrastructure improvements were not needed. Staff stated that the checklist could not include revisions to the "Regulations", as that would require a 30 day public hearing notice to be published. A motion was made by Alford Taylor, seconded by Lyle Parton, to approve the checklist, and authorized its dispersal to surveyors and other interested parties.

Proposed Amendments to the Greene County Subdivision Regulations. Staff stated that they were working on several proposed changes to the "Subdivision Regulations", which would be provided to the Planning Commission over the next two months.

There being no further business a motion was made by Lyle Parton, seconded by Phillip Ottinger, to adjourn the meeting. The motion passed unanimously. The meeting adjourned at 1:40 p.m.

Sources: Calculations based on data from the U.S. Bureau of Economic Analysis and the U.S. Census Bureau.

This table demonstrates that the 528,630 net new certificate- and degree-holders working in Tennessee in 2025 will make a total of \$7.62 billion annually in additional earnings and \$1.71 billion in additional fringe benefits for a total of \$9.33 billion in annual additional income, all reported in 2015 dollars.¹³ Furthermore, we estimate that each county stands to benefit from the Drive to 55 initiative; however based on their current and expected education levels some counties will see larger gains than others. For example, if Hancock County increases its educational attainment rate from 21.6 percent in 2015 to 36.6 percent in 2025, we estimate that total income to workers living in Hancock County would grow by \$2.4 million annually, or about \$360 per resident. By comparison, if Shelby County increases its education rate from 43.7 percent to 60.3 percent, income in Shelby County would grow by almost \$1.4 billion per year or somewhat more than \$1,400 per resident. The educational level that is attained ultimately determines the extent of income growth in each county and for each worker.

¹³Additional income represents income above what would have been made with only a high school degree.

TN FAFSA Frenzy is a campaign to increase awareness of the FAFSA and financial aid opportunities.

What is TN FAFSA Frenzy?

TN FAFSA Frenzy is the State of Tennessee's FAFSA completion initiative designed to provide educators and students with resources to complete the Free Application for Federal Student Aid (FAFSA) and take an important step in the college-going process.

TN FAFSA Frenzy is in response to the new FAFSA timeline, which moves the FAFSA filing window from January 1 through mid-February to October 1, 2016 through mid-January 2017 and beyond. The new timeline allows students and families to use tax information from two years ago as determined by the Federal government (what is referred to as "prior-prior year").

The initiative is also designed to bring together professional resources and best practices from across the state and provide a one-stop shop for free resources for your financial aid events. Counselors received a FAFSA Frenzy Tool-Kit in June with information to help increase the FAFSA filing rate at institutions in your county. The FAFSA Frenzy campaign will kick-off October 1, 2016.

GREENE COUNTY, TENNESSEE

COMPREHENSIVE TRAVEL POLICY
AUGUST 31, 2016

INTRODUCTION

1. It is the intent of these regulations that employees not suffer additional cost as a result of travel incurred to carry out assigned duties. Employees shall be reimbursed for such expenses subject to the limitations provided in this travel policy.
2. When traveling, county employees should be conservative as circumstances permit. The lower cost should be selected whenever practical. Reimbursement for travel will be based upon the most direct or expeditious route possible. Employees traveling by an indirect route must assume any extra expense incurred. In addition, employees should utilize county vehicles when possible and ride sharing. It is the responsibility of the employee to be familiar with and adhere to established county travel policies. Deliberate disregard of these regulations while traveling on county business or filing of an intentionally misleading or fraudulent travel claim, are ground for disciplinary action including termination of employment.
3. The County Commission will establish the County Travel Policy.

TRAVEL AUTHORIZATION

4. Travel may not be undertaken unless it is authorized in advance by proper authority and within the department's budget. Approved county travel is the basis for reimbursement in accordance with these provisions. The employee is considered to be on official travel status, and eligible for reimbursement, at the time of departure from his/her official station or residence, whichever is applicable.
5. The department head is authorized to approve all travel for county business, including registration fees for conferences, conventions, seminars, etc. (including the cost of official banquets and/or luncheons), as long as the amounts are within their budget.

OFFICIAL STATION

6. The department head is responsible for establishing the official station of the employee. This is typically the location from which the employee performs the major portion of his/her assigned duties. The workstation closest to an employee's residence should be designated as the official station for employees with multiple workstations. If an employee works predominately from a home residence and reports to an office or other station less than twice a week, the employee's official station should be the home residence.
7. The residence of the employee usually becomes the official station for an employee required to be on call at times other than the employee's normal working hours (i.e. nights or weekends). Employees working overtime on weekends are not normally eligible for reimbursement.
8. In the event that an employee is temporarily reassigned to a work location other than his/her usual official station, that location shall become the employee's official station. The employee will not be eligible for reimbursement unless he/she can demonstrate that by commuting to the temporary location he/she has incurred additional expense over the cost of the commute to his/her usual official station.

REIMBURSEMENT PROCEDURES

9. Employees shall submit claims for reimbursement for travel expense no later than thirty (30) days after completion of travel. Departments and agencies can more effectively approve travel when timely claims are submitted. Departments and agencies should review and submit claims to the Department of Accounts and Budgets as rapidly as possible to ensure prompt payment to their employees. Any claims not submitted within thirty (30) days will not be honored, without the approval of the Budget and Finance Committee.
10. All written signatures on the travel claim must be original.

TRAVEL ADVANCES

11. Travel advances are subject to the approval of the department head.

TAXI FARES – AIRPORT TRANSPORTATION

12. Reasonable taxi fares are allowed from airports. A receipt is required for reimbursement of reasonable taxi fares.

TRAVEL – COUNTY OWNED AUTOMOBILE

13. County owned vehicles should be used only for official business. Only properly authorized County employees may operate a Motor Vehicle. Individuals must possess a valid driver's license for the type of vehicle being operated.
14. Emergency out of pocket expenses such as gasoline, oil or other services and emergency repairs will be reimbursed but must be accompanied by proper receipt identifying the automobile and itemizing the services. Such expenditures must be of an emergency nature where immediate service is required.

TRAVEL – PERSONALLY OWNED AUTOMOBILE

15. Department head authorization is required for the use of personally owned automobiles in the daily performance of duties. Unnecessary expenses, which result from the use of an automobile for reasons of personal convenience, will not be allowed.
16. Reimbursement for the use of personally owned cars is at IRS mileage rate. Reasonable tolls and ferry fees will be allowed when necessary; a receipt is required for reimbursement if possible.
17. Only mileage on official county business may be claimed for reimbursement. Mileage as shown by credible mapping service or Rand-McNally mapping for routes will be regarded as official. Reasonable vicinity mileage will be allowed. It is the responsibility of the traveler to provide adequate insurance to hold harmless the County for any liability from the use of a private vehicle.
18. Procedures for calculating mileage are based on the fact that the County is prohibited from reimbursing employees for normal commuting mileage.
 - a) If an employee begins or ends a trip at his/her official station, reimbursable mileage will be the mileage from the official station to the destination.
 - b) If work is performed by an employee in route to or from his/her official station, reimbursable mileage is computed by deducting the employee's normal commuting mileage from the actual mileage driven.
 - c) If an employee begins or ends his/her trip at his/her residence without stopping at his/her official station, reimbursable mileage will be the lessor of the mileage from the employee's residence to his/her destination or his/her official station to the destination. On weekends and holidays, the employee may typically be reimbursed for actual mileage from his/her residence to the destination.
 - d) If an employee travels between destinations without returning to his/her official station or his/her residence, reimbursable mileage is the actual mileage between those destinations.

AUTOMOBILE RENTAL

19. Advance authorization from the employing department head must be secured for automobile rental; verification of insurance, whether for in-state or out-of-state travel, is required.

PARKING

20. Charges for routine parking while on travel status will be reimbursed. Receipts are required.
21. Fines for traffic or parking violations will not be reimbursed by the County

LODGING

22. Lodging shall be reimbursed using most current GSA Federal per diem rates, conference rate hotel, or best available as determined by department head.

PER DIEM RATES FOR MEALS AND INCIDENTALS

23. Meals and incidentals will be considered for reimbursement using most current GSA Federal per diem rates. Receipt shall be turned in for meals. Alcoholic beverages will not be reimbursed.
24. Reimbursement for a single meal (or meals) for employees on one-day travel is not generally allowed. However, if it is infrequent in occurrence and with the department head's approval, it may be allowed. This also applies to the day of departure and the day of return.

TELECOMMUNICATION COSTS WHILE ON TRAVEL STATUS

25. Department heads may authorize an employee to use his personal cellular phone in conducting county business. Authorized employees shall be reimbursed for any additional cost incurred in using their personal cellular phones on official business, if the funds are available in their budget. An itemized statement indicating the date, name, location, and cost of each call plus billing statement indicating that additional cost was incurred above the standard monthly charge are required for reimbursement.

EXCEPTIONS

26. The Budget and Finance Committee, upon the recommendation of the finance director, shall have the authority to grant exception from any part or all of these rules and regulations when deemed appropriate for an employee or group of employees on official county travel. Approved exceptions other than those for individual trips shall be maintained in a central file by the Accounts and Budget Department. Policy exceptions, which have countywide implications, shall be approved by the County Commission.

ADJOURNMENT

A motion was made by Commissioner Waddle and seconded by Commissioner White to adjourn the September meeting.

Commissioner Wade McAmis closed the meeting in Prayer.
