**A RESOLUTION OF THE GOVERNING BODY OF GREENE COUNTY,
TENNESSEE, AUTHORIZING THE ISSUANCE, SALE AND
PAYMENT OF A SIX MONTH CAPITAL OUTLAY NOTE, SERIES 2017
NOT TO EXCEED \$521,844**

WHEREAS, the Governing Body of Greene County, Tennessee has determined that it is necessary and desirable to provide funds for the following public works project (the "Project"): purchase six (6) seventy-eight passenger school buses; and

WHEREAS, the Governing Body has determined that the Project will promote or provide a traditional governmental activity or otherwise fulfill a public purpose; and

WHEREAS, under the provisions of Parts I, IV, and VI of Title 9, Chapter 21, Tennessee Code Annotated (the "Act"), local governments in Tennessee are authorized to finance the cost of this project through the issuance and sale of interest bearing capital outlay notes upon the approval of the Comptroller of the Treasury or Comptroller's Designee; and

WHEREAS, the Governing Body finds that it is advantageous to the Local Government to authorize the issuance of capital outlay notes to finance the cost of the Project.

NOW, THEREFORE, BE IT RESOLVED, by the Governing Body of Greene County, Tennessee, as follows:

SECTION 1. That, for the purpose of providing funds to finance the cost of the Project in and for the Local Government, the County Mayor of the Local Government is hereby authorized in accordance with the terms of this resolution to issue and sell interest-bearing capital outlay notes in a principal amount not to exceed five hundred twenty one thousand, eight hundred forty four dollars (\$521,844) (the "Notes") at either a competitive public sale or at a private negotiated sale upon approval of the Comptroller of the Treasury or Comptroller's Designee pursuant to the terms, provisions, and conditions permitted by law. SECTION 2. That, the Notes shall mature not later than six (6) months after the date of issuance and that the Notes and any extension or renewal notes shall not exceed the reasonably expected economic life of the project, which is hereby certified by the Governing Body to be at least 18 years. Provided, however,

C

that each year the Notes are outstanding 1/9 of the original principal amount of the Note shall mature without renewal but subject to prior redemption

SECTION 3. That, the Notes shall be subject to redemption at the option of the Local Government, in whole or in part, at any time, at the principal amount and accrued interest to the date of redemption, without a premium, or, if sold at par, with or without a premium of not exceeding one percent (1%) of the principal amount.

SECTION 4. That, the Notes shall be direct general obligations of the Local Government, for which the punctual payment of the principal and interest on the notes, the full faith and credit of the Local Government is irrevocably pledged and the Local Government hereby pledges its taxing power as to all taxable property in the Local Government for the purpose of providing funds for the payment of principal and interest on the Notes. The Governing Body of the Local Government hereby authorizes the levy and collection of a special tax on all taxable property of the Local Government over and above all other taxes authorized by the Local Government to create a sinking fund to retire the Notes with interest as they mature in an amount necessary for that purpose.

SECTION 5. That, the Notes shall be executed in the name of the Local Government and bear the manual signature of the County Mayor of the Local Government and the manual signature of the County Court Clerk, with the Local Government seal affixed thereon; and shall be payable as to principal and interest at the office of the County Mayor of the Local Government or the paying agent duly appointed by the Local Government. Proceeds of the Notes shall be deposited with the Trustee of the Local Government and shall be paid out for the purpose of financing the Project pursuant to this Resolution and as required by law.

SECTION 6. That, the Notes will be issued in fully registered form and that at all times during which any Note remains outstanding and unpaid, the Local Government or its agent shall keep or cause to be kept at its office a note register for the registration, if held by an agent of the Local Government, shall at all times be open for inspection by the Local Government or any duly authorized officer of the Local Government. Each Note shall have the qualities and incidents of a negotiable instrument and shall be transferable only upon the note register kept by the Local Government or its agent, by the registered owner of the Note in person or by the registered owner's attorney duly authorized in writing, upon presentation and surrender to the Local Government or its agent together with a written instrument of transfer satisfactory to the Local Government duly executed by the registered owner or the registered owner's duly authorized attorney. Upon the transfer of any such Note, the Local Government shall issue in the name of the transferee a

new registered note or notes of the same aggregate principal amount and maturity as the surrendered Note. The Local Government shall not be obligated to make any such Note transfer during the fifteen (15) days next preceding an interest payment date on the Notes or, in the case of any redemption of the Notes, during the forty-five (45) days next preceding the date of redemption.

SECTION 7. That, the Notes shall be in substantially the form authorized by the Comptroller of the Treasury or Comptroller's Designee and shall recite that the notes are issued pursuant to Title 9, Chapter 21, Tennessee Code Annotated which is Attachment 1 to this resolution.

SECTION 8. That, the Notes shall be sold only after the receipt of the written approval of the Comptroller of the Treasury or Comptroller's Designee for the sale of the Notes.

SECTION 9. That, upon the opinion of bond counsel, the Notes may be designated as qualified tax-exempt obligations for purpose of Section 265(b)(3) of the Internal Revenue Code of 1986.

SECTION 10. That, after the sale of the Notes, the fiscal affairs of the Local Government shall be maintained on a cash basis in order that the current receipts of the Local Government are sufficient to meet current expenditures and debt service. For each year that any of the Notes are outstanding, the Local Government shall prepare an annual budget in a form consistent with accepted governmental standards and as approved by the Comptroller of the Treasury or Comptroller's Designee. The Local Government shall maintain a balanced budget during the life of the note. The annual budget shall be submitted to the Comptroller of the Treasury or Comptroller's Designee immediately upon its adoption; however, it shall not become the official budget for the fiscal year until such budget is approved by the Comptroller of the Treasury or Comptroller's Designee in accordance with Title 9, Chapter 21, Tennessee Code Annotated (the "Statutes".) If the Comptroller of the Treasury or Comptroller's Designee determines that the budget does not comply with the Statutes, the Governing Body shall adjust its estimates or make additional tax levies sufficient to comply with the Statutes, or as directed by the Comptroller of the Treasury or Comptroller's Designee. The Local Government shall provide any information required by the Comptroller of the Treasury or Comptroller's Designee to determine that a balanced budget is kept during the life of the note.

SECTION 11. That, if any of the Notes shall remain unpaid at the end of eighteen (18) fiscal years from the fiscal year of issue, then, the unpaid Notes shall be retired from the funds of the Local Government or be converted into bonds pursuant to Chapter 11 or Title 9 of the Tennessee Code Annotated, or any

other law, or be otherwise liquidated as approved by the Comptroller of the Treasury or Comptroller's Designee.

SECTION 12. That, all orders or resolutions in conflict with this Resolution are hereby repealed insofar as such conflict exists and this Resolution shall become effective immediately upon its passage.

GREENE COUNTY
LITTER GRANT PROGRAM ROADSIDE COLLECTION WORK PLAN FOR 2017-2018

Greene County has now been involved in the Tennessee Department of Transportation Litter and Trash Collection Grant program almost since its beginning and we have proven time after time that this program is an opportunity that we need to actually accomplish addressing the need for Trash Collection in our County. In Greene County, participation in the program extends from trash pick-up along highways and County roads to more and more emphasis on education of school age children and adults alike. We are now looking at ways to prevent litter problems as well as how to deal with the problem of what to do with trash in our growing population.

We are very proud of the work that is accomplished by our crews. Enforcement of litter laws is a very important part of our attempt to eradicate as much of the littering problem as we possibly can. At this time we have no litter enforcement officer, but our crew supervisors are acting as officers in some capacities. They have cleaned up many illegal dumpsites this year so far. We will do our best to continue this vigorous attempt to persuade our citizens that it is certainly illegal to litter and more importantly that it is vital to everyone's health and well-being that litter be stopped.

Plans for use of our TDOT grant funds include use of County inmates to collect trash along County roadways. One person will be employed as a full-time employee with funds from the grant to guard and escort the prisoners under work detail and one person will be used part-time to supervise. One person is employed with funds from the Sheriff's Dept. to do the same. The Greene County Sheriff will continue to be in charge of the litter pickup and the Supervisor for the litter crew. The Supervisor will answer directly to the Sheriff for scheduling routes for pickup and direction in operation of the crews. We find that this arrangement has improved the time spent picking up litter each week and the amount of litter being collected. Since prisoners are used, this direct connection with the Sheriff and Jail improves communications and the availability of prisoners to work on the crews.

The County is helping support the Litter Pickup and Education program in ways such as the Sheriff's Department using his budget to help maintain our Litter Crew vehicles. He provides all of the needed fuel as well as parts, repairs, and maintenance on our vehicles. He also provides uniforms for the supervisors/guards and some of the pickup supplies for the crews. He is at present funding a second supervisor for a second road crew.

Greene County has seven County Commission Districts outside the corporate limits of Greene County in which litter will be collected. We have approximately 1,300 County road miles not including state highways. It will be our policy that litter and trash collection will take place with Supervisors overseeing crews made up of County Jail Inmates at least five days per week/eight hours per day. A schedule is followed so that all parts of the county are covered. This schedule will continue during all months as long as the weather permits. Our crews work with the State of Tennessee Highway crews one day per week in picking up litter along State highways. Litter picked up daily will be transported to the nearest convenience centers and later will be moved to a landfill. Recyclable items are placed in recycling bins at the convenience centers. Greene County recycles all items that we are able, depending on the market for the items. We now have year-round recycling for batteries and used oil. We also accept e-waste year-round at our Convenience Centers for resell to recycling companies. Used antifreeze and dried out paint is now accepted for recycling. Clean up of illegal dumpsites and litter enforcement will be shown on the Monthly Progress Report.

Greene County owns vehicles that are used for transportation of prisoners and also serve as collection vehicles. Safety measures and instructions will be used in the prevention of accidents. The vehicles are equipped with flashing lights and have an identifying slogan on the sides. A first aid kit will be available with the guards. Prisoners will use adequate colored safety vests at all times when picking up along roadways.

Records on crew numbers, volume of litter collected, amount of recycled materials, numbers of roads cleaned and other information as requested by the State of Tennessee will be kept by the supervisors and reported to the County Budget's office monthly.

As in the past, the Greeneville/Greene County Keep Greene Beautiful Coordinator will act as our Litter Grant Education Program Coordinator and will help us in operating the Educational Phase of the Grant through Business, Media, Public, Government and Student Education. Funding for the Education portion of this year's grant will be used to pay a portion of the Education Coordinator's salary for her time spent fulfilling the Education portion of our grant. The Litter Education Coordinator will report requested information to the County Budget's office monthly. The County Budget's office will compile all information as requested by the State of Tennessee and report to the State on a monthly basis.

Greene County Litter Grant Program Litter Prevention Education Plan of Work for 2017-2018

As in past years, Greene County employs the Greene County Keep Greene Beautiful Coordinator to act as our Litter Grant Education Program Coordinator. The Coordinator is charged with the responsibility of operating the Educational Phase of the Grant through Business, Media, Public, and Student Education on Litter Prevention and Recycling. The Coordinator will be paid the total amount allocated for education from this year's grant and this amount is to be used toward paying for the portion of her time spent in fulfilling her obligations for the Litter Grant Program. The Tennessee Department of Transportation and Greene County will be used as sponsors in the articles and newsletters concerning the Litter Grant Program. The Litter Grant Education Coordinator will file a monthly report along with a time sheet to the County Mayor's Office showing all hours worked and activities performed for the program. Each year we hope to find new and innovative ways to expand our outreach to the public, so that more emphasis can be put on litter prevention and recycling. We are making our surroundings more beautiful, clean and healthy and teaching generations to come how they can continue this way of life.

Student Education

Some activities used in Student Education are a conservation camp, trash to treasure contest (to educate on how and what can be recycled), and use of hands-on play-acting with "Humphrey" the raccoon to teach children how and why we need litter prevention and recycling. Stormwater presentations are given to teach kids the effects littering has on our community. Some teachers' sessions are held with local teachers to pass along ideas and materials to use in classrooms to promote recycling and litter prevention.

Business/Industry Education

Various activities are used to reach a wide portion of our community in communicating our goal of educating all of our citizens in litter prevention and recycling. Business and Industry are important role models in the community in emphasizing the importance of our program. Several businesses participate throughout the year in litter removal projects as well as to support and promote the activities of the TDOT Litter Program and several industries have increased their recycling efforts.

Public Education

Public events will be used during the year as opportunities to hand out litter prevention information and litter bags, etc. Opportunities are provided for citizens of our county to participate in litter pick up along roads and highways in our community. Additional programs and events primarily directed to the public include the Telephone Book Recycling Contest. Litter-free events are also held throughout the year.

Media Education

We are continually working to provide a better media approach to communicate our mission to teachers, students, government officials and the community as a whole. Public service announcements are recorded regarding events and general litter education facts. Numerous articles are in the local paper and on the radio to educate citizens on recycling and litter prevention.

**A RESOLUTION
TO URGE PASSAGE OF THE IMPROVE ACT BY THE TENNESSEE GENERAL
ASSEMBLY**

WHEREAS, the continued lack of funding for county highway projects has reached a critical point in Tennessee as state gasoline/fuel tax collections remain consistently stagnant; and

WHEREAS, at the state level, the Administration has identified more than a \$10 billion backlog of needed transportation projects; and

WHEREAS, as a part of the overall Tennessee transportation system, county roads and bridges are essential to the state's economic and community development success, the safe and efficient transportation of school children and the provision of emergency services to our taxpayers; and

WHEREAS, while the vast majority of vehicle trips in Tennessee begin and end on a road maintained by a local government, county highway departments are continuing to scale back or cancel resurfacing projects and reduce staffing until additional revenues become available; and

WHEREAS, in response to this critical need for additional transportation revenue, Governor Haslam has proposed the IMPROVE Act, which would increase the tax on gasoline by \$0.07 cents and the tax on diesel fuel by \$0.12 cents, which, in combination with other miscellaneous fees and surcharges, results in an additional \$296 million dollars annually for the Department of Transportation and an additional \$78 million dollars annually to counties, providing highway departments with much needed resources to more adequately address their current and future infrastructure needs; and

WHEREAS, while making essential investments in transportation infrastructure, the IMPROVE Act balances the burden on taxpayers by also providing for cuts to franchise and excise taxes, grocery taxes and the Hall Income Tax; and

WHEREAS, the County Legislative Body of Greene County, Tennessee believes the IMPROVE Act provides an adequate, multi-faceted funding solution for Tennessee's transportation needs and provides tax relief for citizens and businesses which will allow Tennessee's economy to remain strong and continue to grow.

NOW, THEREFORE BE IT RESOLVED by the Greene County Legislative Body of meeting in regular session at on the 21st day of February, 2017, to request and strongly urge the Tennessee General Assembly to pass the IMPROVE Act in order to more adequately fund the state's transportation infrastructure needs.
