Greeneville/Greene County Public Library

Board of Trustee Meeting Minutes

April 25, 2022

The Greeneville/Greene County Public Library Board of Trustees met for their regularly scheduled meeting on Monday, April 25, 2022, at 5:00 pm in the Big Spring Room at the Greeneville/Greene County Public Library. Board members in attendance were Barbara Britton, Eleanor G'Fellers, Sangela Blue, Erin Stayton, Teddy Lawing and Kristin Girton. Friends of the Library representative Diane Strimer was present as well as Sara Egan, representing the Holston River Regional Library. Library Director, Erin Evans and Assistant Director Christopher Gose were also in attendance.

Chair Barbara Britton called the meeting to order at 5:01 pm. Members read over the minutes with Barbara Britton requesting a correction to changing the day from Tuesday to Wednesday on the third page in the third paragraph (referring to when the library reopened with the new circulation system). Motion was made from Kristin Girton to accept the minutes and seconded by Eleanor G'Fellers. The motion passed unanimously.

Director Erin Evans presented the Financial Report. Evans reported the library is in good shape financially. Under revenues, the Gifts and Memorials increased \$11,000 due to receiving the annual dividend from the Betsy Bowman Estate. Greene County will also contribute another \$29,375 in the 4<sup>th</sup> quarter. The expenditures also include \$3,000 which will be reimbursed by the Friends of the Library. Under the expenditures, Erin noted that this financial statement does not include the \$15,000 for fringe benefits in the third quarter.

Director Evans then presented the Directors Report. She reported TN READS checkouts are up a little and library cards have increased with new residents. Storytime on Tuesday is standing room only. The library is now opened on Saturday from 9 am to 1 pm. The migration with the new system is a learning process. This new system is harder to learn than the older system. The Summer Reading program will start in June 2022. The library is fully staff while the Cox Library is down one staff member due to the loss of Barbara Thompson.

Assistant Director Christopher Gose presented the T Elmer Cox report. He reported the passing of Barbara Thompson who is greatly missed by the workers and patrons. Visitors and online traffic have both increased this quarter. The front door at the Cox has been painted and a brass kick plate added. Representatives from the State are coming April 26 to get an update on the Wills 1783-1830 grant.

Chair Barbara Britton reported that Christopher Gose has completed the Archive Certification program sponsored by the TN State Library and Archives. She reported on the upcoming budget processes at both the Town and the County. She indicated that she suggests requesting \$138,00 from each. Motion made by Eleanor G'Fellers to approve requesting \$138,000 from each entity this upcoming budget year. The motion was seconded by Erin Stayton. Motion passed unanimously.

Old Business: The Library Book Sale held a Pre-Sale Book Sale in March 2022 and this past weekend, April 23 and 24, was the first weekend of the regular sale. The revenue collected to date is estimated to be about \$29,000. Erin appeared on Daytime Tri-Cities promoting the Book Sale. The book sale continues this upcoming weekend, April 29 through May 1, and the last weekend will be held May 13 through 15. Hours of the book sale are Friday and Saturday 10 am to 6pm and Sunday 12 pm to 5 pm. Modern Woodman is providing a \$2000 matching grant.

Erin reported on the Cox Library parking lot. Brad Peters from Public Works wanted to wait until Spring maybe Summer 2022 to pave due to the cold weather and now Public Works is very busy with paving projects in the city. The Big Spring Room renovation project will consist of ADA compliant entrance doors, interior doors and a unisex ADA accessible restroom. The women's restroom will be converted into a storage space. Also, the kitchen will be updated and new flooring, wall paint, and furniture is on the list. The Friends of the Library has allocated \$45,000 to assist with this project.

New business: Erin presented to the board Notary Service and Fees. A library staff member has been certified to offer Notary Services at the Library. The board decided to charge \$5 to stay in compliance with State Law. Kristen Girton made the motion and Erin Stayton second. Motion passed unanimously.

Erin presented to the Board a fundraising opportunity. With great discussion, the Board decided to investigate more and scheduled a call a meeting later to make a decision. Erin Stayton is going to contact the organization and get some information and report back to the Board.

Diane Strimer from the Friends of the Library presented that they have two new members: Carla Bewley and Ivy Leonard. They are in process of sending out their annual fundraising letters.

Sara Egan from the Holston River Regional Library reminded everyone that the regional office is available to answer questions and offer assistance to the library and to board members.

The next board meeting will be July 25, 2022, location to be determined.

Meeting was adjourned at 6:08.

Greeneville/Greene County Public Library

Board of Trustees Meeting Minutes

May 9, 2022, 5 pm

Main Library/Big Spring Room

The Greeneville/Greene County Public Library Board of Trustees held a called meeting on the evening of May 9, 2022, at 5pm in the Big Spring Room of the Main Library. Chairperson Barbara Britton called the meeting to discuss a fundraising opportunity proposed at the previous quarterly meeting. Board members in attendance were Erin Stayton, Sangela Blue, Teddy Lawing, Barbara Britton, Eleanor G'Fellers, and Susan Brandon. Library Director Erin Evans and Assistant Director Christopher Gose were also in attendance. Michael Stevens from Tri Cities Toy and Hobby Show was in attendance to propose the potential fundraiser for the library.

Barbara Britton called the meeting to order by introducing Mr. Michael Stevens, representing Tri-Cities Toy and Hobby Show, and stating that she would start the questions and Board members could offer input as wanted.

Ms. Britton asked Mr. Stevens whose idea it was to make the library the recipient of this fundraiser and how did they arrive at that decision? Mr. Stevens stated that Scott Bollington, Director of Greeneville Boys and Girls Club, suggested the library to receive the funds. Mr. Stevens stated that approximately \$2500-\$8000 is typically raised, and proceeds often go to Children's Miracle Network. He stated that 50 10x10 "spots" had been sold for \$50, and \$5 was charged at the door for admission. He suggested board members visit the charity's Facebook page to learn more.

Susan Brandon asked Mr. Stevens what would be required of the board members. He responded board members would be required to collect admission at the door, help with set up and tear down, and with promotion.

Ms. Britton asked if security was required or needed. Mr. Stevens said the organization has never had an issue, but often asked the local police department to park an empty squad car at each venue.

Eleanor G'Fellers asked if there would be concessions, and if so, who was in charge of them. Mr. Stevens said Greeneville Parks and Rec would contract that out, as they typically do. Mrs. G'Fellers then asked about the setting up and tearing down of tables, who would be in charge and how long would it take? Mr. Stevens stated that it depended on how many people helped. Based on previous events, he stated that it requires two people per table and typically took six people less than an hour to set up. He also said that Greeneville Parks and Rec said to leave the tables set up and they would put away.

Ms. Britton asked if Greeneville Parks and Rec had enough tables, or if they would have to be rented. Mr. Stevens said he believed tables would need to be rented by the library. Erin Evans then added that if the library rented tables, it would need to go through the city to obtain a check to pay for them.

Mrs. G'Fellers then asked the hours board members would need to work. Mr. Stevens said board members would only need to work from approximately 10am to 3pm.

Barbara Britton asked about responsibility of the money taken at the door for admission. Mr. Stevens said the library and board members would be responsible for that. He said organizations typically started with \$200 seed money. Mrs. Britton then asked who handled promotion for the event. Mr. Stevens said he does, and Erin Stayton stated that she would also handle promotion through her husband who works at the local radio station.

At this point, Ms. Britton asked if anyone had any more questions. When no one did, she dismissed Mr. Stevens and told him the board would discuss the matter and she would let him know the decision.

After Mr. Stevens left, board members discussed the pros and cons of becoming involved with this charity. Eleanor G'Fellers made a motion to decline the offer and revisit in the future. Susan Brandon seconded. Ms. Britton asked if anyone opposed, to which there were none. Motion passed unanimously.

Ms. Britton adjourned the meeting at 6:05 pm.

### I. Proposed Budget for FY 2022-2023

Director Hawkins explained to the board that he had prepared a budget to be presented to the Budget and Financing Committee. He stated that included some small increases mainly due to the increases in overall costs of items. He also noted that an increase in the budget was due to adding a Quality Assurance Officer as well as an increase in Software cost. Commissioner Quillen made a motion to approved the proposed budget. Seconded by Mayor Morrison. The motion passed unanimously.

## II. Purchase of New Ambulance

Assistant Director Manis stated that the two new trucks that were order previously should be here the first week of April according to the sales representative. He then discussed that he had suggested that EMS place an order to purchase a new ambulance as soon as possible. He stated due to demand with a short supply of parts it could possibly take up to 24 months before that ambulance would be completed. Assistant Director confirmed this with two other ambulance vendors. EMS typically purchases two new ambulance a year. A motion was made by Commissioner Quillen to purchase two new ambulances. Seconded by Health Dept Director McConaughy. The motion passed unanimously.

## III. Purchase of New Supervisor Vehicle

Director Hawkins explained that the coroner currently uses a van for body transports to the Forensics Center. That van is very old with high mileage. The Supervisor truck has the proper stretcher mounting so he suggested using the Supervisor Truck for the Coroner transports and purchasing a new supervisor vehicle thru the state contract. Quote was for \$60,000 just for the truck without detailing etc. Director Hawkins stated that with sales of the wrecked ambulance and other unused items, there was approximately \$50,000 that could be applied to this purchase. A motion was made by Greeneville Community Hospital CNO Roberts to purchase a new supervisor vehicle. Seconded by Commissioner Quillen. The motion passed unanimously.

## IV. EMS Employee Status

Assistant Director Manis discussed the current employee status. He stated that EMS has recruited three new employees. Currently, there are two Paramedic positions open and two EMT positions open, and three employees out on workers compensation. Several are completing up advanced training. The regional directors in region 1 have discussed trying to get a EMT class started here. He stated that he would like to add one or two more day

ambulances to transport non-emergency transports. He explained that this would take some of the load off the 24 hours ambulances during the day.

#### V. Standard Operating Guidelines

Assistant Director Manis stated that Attorney Woolsey, HR Director Elmore, and he had reviewed and revised the Standard Operating Guidelines. He stated that they hadn't been revised since 2017. He explained that there were only minor changes made. A motion to approved the new Standard Operating Guidelines was made by Health Dept Director McConaughey. Seconded by Commissioner Quillen. The motion passed unanimously.

#### VI. Recent EMS State Audit

Director Hawkins stated that EMS had recently had their annual EMS state audit. EMS has not received the official report, but it appears that EMS passed.

#### VII. Upcoming Food Drive

Director Hawkins explained that EMS would be hosting a food drive on Saturday, April 2<sup>nd</sup> at the EMS Headquarters. This Food Drive will benefit the Opportunity House.

#### VIII. Other Business

Director Hawkins explained that instead of purchasing iPads for the new CAD system ID Network right now, EMS is going to use the current Panasonic Toughbooks right now.

EMS Field Representative Jeff Johnson and EMS Field Representative Rex Johnson both state that they really appreciate the call incentive bonus. EMS Field Representative Jeff Johnson stated the only thing that needs to be adjusted is the long distant transports because \$50 just isn't enough for the time spent.

EMA Director Sipe discussed that there is an opportunity for EMA / EMS station 2 to receive a new generator thru a grant. She explained that the grant will pay for a majority of the cost if approved. A resolution is going to be brought before the County Commission at the next Commission meeting.

Proposed change to the Greene County Zoning Resolution concerning Section 601.1 S. Solar Panel Farms. Roger Woolsey, Greene County Attorney, informed the Planning Commission that County Commissioners Pamela Carpenter and Hoot Bowers had submitted a resolution proposing to limit the location of solar farms to the M-1 Industrial, and M-2 Heavy Impact Use, districts. The Planning Commission asked for background on why the resolution had been developed. Staff stated news of a proposed solar farm to be located in Greene County fairly close to dense residential development had been circulating in the community, and Commissioners Carpenter and Bowers thought it appropriate to protect residential uses from potential negative impacts. Discussion ensued regarding the perceived negative impacts, the existing regulations, and the proposal to restrict solar farms to industrial zones.

When asked for their recommendation on the proposed resolution, staff stated they had only been informed of the resolution a couple of days before the meeting and had not had time to adequately review the proposal. Staff did suggest that changes to the existing regulations, such as a minimum buffer of 1,000 ft. between a solar farm property line and any residential district zoning line, be considered. The Planning Commission was informed a problem with the buffer proposal was that most subdivisions were never rezoned to either R-1, Low Density Residential district, or R-2, Medium Density Residential district, either when subdivided or developed. If the buffer option was pursued, a zoning study should be conducted to identify areas that were benefit from the protections offered by residential regulations.

Several visitors spoke concerning the issue, many of whom voiced concerns over negative impacts to property values and the view of the site from area properties. Edwin Remine asked Emma Tillitski of Silicon Ranch, potential developer of the site, about what type of infrastructure had to be in place before a solar farm could be established. Ms. Tillitski stated that the site had to be adjacent to the local power company's infrastructure. Stacy Bolton of Greeneville Light and Power discussed the size of TVA lines needed for a solar farm, and stated that there were only four locations in Greene County where the minimum criteria could be met.

After additional discussion, a motion was made by Gary Rector, seconded by Stevi Misener, to recommend denial of the zoning resolution, as no information had been provided prior to the meeting for them to review. The motion carried unanimously. A motion was made by Gary Rector, seconded by Stevi Misener, to request that staff further study the issue and provide a recommendation at the July 2022 meeting. The motion carried unanimously.

## MEMORANDUM

To: The Greene County Regional Planning Commission  
From: Amy Tweed, Planning Coordinator  
Tim Tweed, Building Commissioner  
Lyn Ashburn, Research/Special Projects  
Date: July 7, 2022  
Subject: Rezoning request for tax parcel 077-073.00  
Location: Adjacent to U.S. Hwy. 11-E across from Chuckey Pike  
Existing zone: A-1 General Agriculture District  
Requested zone: B-2, General Business District  
Existing use: A residential structure on the property that is being removed  
Proposed use: Office, storage units, storage yard  
Zoning **North/East:** A B-3 zone located on both sides of Hwy. 11-E containing  
Land Use: vacant parcels, TN Farmers Mutual Insurance, mini-warehouses, C&C Trailers, and Mtn. Valley Storage Buildings; an A-1 zone containing residential and agricultural uses, as well as a nonconforming Stop & Go Market.  
**South:** A B-2 zone containing Afton-Chuckey Self Storage is located less than 400 feet from the site; a B-3 zone containing an empty 5.24 acre tract and Mike Lamb Trucking.  
**East:** A B-3 zone directly across U.S. Hwy. 11-E contains a residence; an M-1 containing a residence and part of Twin Creek Golf Course.  
**West:** Residential and agricultural uses located in an A-1 zone.

Notes: As with the recent request to rezone property adjacent to Erwin Highway near Keller Road, there are a variety of commercial zones, the presence of vacant/residential parcels zoned commercially, and commercial uses not zoned for commercial use. As with Erwin Highway, a long-term zoning plan should be considered for the area to consolidate future development. A difference from the Erwin Highway request is that this property is located on the most heavily traveled arterial road in Greene County, where large areas of commercial uses are located and expected to expand. The primary objective along Hwy. 11-E is to not create or extend strip commercial zoning.

Options: Recommend rezoning the property from A-1 General Agriculture District to B-2 General Business District based on reasoning such as follows:

1. The property is located adjacent to a state highway that is more than adequate to handle the proposed traffic.
2. The proposed use is away from concentrated residential uses and is located in an area that already has substantial commercial development.
3. Requiring construction of a frontage road with the potential to connect adjoining future commercial development could be required, as doing so would meet the objective set out for commercial development in the *Greene County Land Use and Transportation Plan 2009-2029 (LU/T plan)*, which is intended "to ensure that new commercial developments

meet appropriate planning and design standards and guidelines". Doing so would also meet policies listed in the study:

- It would minimize potential negative impacts to the existing transportation system.
- It would cluster commercial development and provide controlled entrance and exit points.
- While the proposed use is not a shopping center, the presence of existing commercial uses, as well as continued rezoning to commercial districts, will eventually lead to strip commercial zoning unless frontage roads are required.

Recommend denial of the rezoning request based on reasoning such as follows:

The request contradicts policies of the LU/T plan, as follows:

1. Rezoning the property without requiring a frontage road will encourage the continued rezoning of property in the area without adequately restricting access. This, in turn, will continue the type of leap-frog strip commercial development already present in this area, which is contrary to the LU/T study.
2. Wide-spread, disconnected commercial development along a major thoroughfare is contrary to Objective B Policy 3 under Commercial Development, in that it does not minimize potential negative impacts to the existing transportation system. (More concentrated development enables the installation of common access roads, which decreases the number of curb cuts/driveways on a state highway, which in turn helps keep traffic moving, and decreases the potential for motor vehicle accidents. It also creates a location for a traffic control device if warranted by the volume of traffic for the larger development.)
3. Because the proposed development is not being closely clustered with existing commercial zones, it violates Objective B Policy 4, whereby "Clustering of commercial developments should be encouraged, with controlled entrance and exit points."

Recommend postponement pending receipt of additional information.

Residential Dwelling shall mean a permanent, not temporary improvement used for residential purposes; and*

**WHEREAS**, Public Notice requirements pursuant to **T.C.A. §13-7-105(b)(1)** have been met;

**NOW, THEREFORE BE IT RESOLVED** by the Greene County Legislative Body, meeting in regular session on the 15th day of August 2022, a quorum being present and a majority of the full County Legislative Body membership voting affirmatively to amend the Greene County Zoning Resolution by one of the alternative proposals to be considered by the county commission separately:

Buffer zone, solar farm. An area of green space located around the fenced perimeter of a solar farm.

Amend M-1 Industrial District, subsection 608.1 to add the following use and requirements:

- E. Solar panel farms, provided:
  - 1. Buffer Zones shall be:
    - (a) A minimum of fifty feet in width as measured from the exterior of the fence surrounding a solar farm;
    - (b) Maintained as green space for the entire width of the buffer zone, except for necessary intrusions for vehicular or power access, fencing, or drainage structures required elsewhere in these regulations;
    - (c) Used to preserve, where possible and practical, existing trees located in the buffer zone, provided that doing so will not block reasonable access for the solar farm.
  - 2. Solar Farm Buffer Strips. Solar farm buffer strips shall:
    - (a) Be located outside required fencing.

- (b) Be planted with evergreen shrubs and/or trees that are at a minimum of six feet in height at the time of planting and are staggered ten (10) feet on center.
  - (c) The applicant may request credit or a waiver of buffer planting requirements if existing vegetation exists that meets the buffer planting standard.
  - (d) Be maintained even if the solar farm is no longer operational and/or falls into disuse, unless and until the solar farm is dismantled and removed from the parcel(s) upon which it was constructed.
  - (e) Required where the solar farm fencing would be visible off-site.
  - (f) Be required where lease lines overlay exterior property lines, provided that separate tax parcels under the same ownership are considered one property for the purposes of this sub section.
  - (g) Not be required within the interior of a solar farm development where areas leased from different property owners abut one another.
  - (h) Be shown on plans submitted to and approved by the Enforcing Officer, who shall approve the design, width, height, opacity, growing period to maturity, time schedule for installation, and responsibility for perpetual maintenance.
3. Setbacks. Setback requirements to the lease/property line for any building or solar array shall be a minimum of fifty feet, except that the setback from any Residential Dwelling existing at the time of approval of the solar panel farm shall be three hundred (300) feet from the corner of the residential dwelling to the closest solar array. Residential Dwelling shall mean a permanent, not temporary, improvement used for residential purposes.
4. Fencing. All solar farms shall be enclosed with a fence measuring a minimum of six (6) feet in height that is topped with at least three strands of barbed wire that shall be maintained in good condition to the satisfaction of the Enforcing Officer.
5. Land Development. Unless a variance is granted by the board of zoning appeals, the following requirements must be met.
- (a) Pre-development drainage patterns shall be maintained so that post development surface water run-off does not exceed pre-development surface water run-off for a 25-year storm event.
  - (b) Soil shall be retained on-site through the appropriate use of silt fencing, straw bales, or other effective manner.
  - (c) The area of the solar farm located to the interior of the buffer zone shall be maintained in a grassed condition, with the

exception of access driveways, building pads, utility facilities and necessary equipment supports.

(d) Grassed areas within the solar array shall be maintained in accordance with established and recommended procedures for maintaining hay crop and pasture weed management as recommended by the University of Tennessee Extension Service.

6. Glare. Glare studies shall be as required by state and/or federal regulations.

7. Additional Requirements. The following information shall be submitted to the Enforcing Officer prior to construction of the site. Proof that:

(a). The project has been approved by the utility, all applicable interconnection procedures necessary to deliver electricity to the local utility have been completed, as well as an executed interconnection agreement.

(b). The lease for the project contains wording to the effect that, at the end of the lease period or if the solar farm is no longer operational for a period of twelve consecutive months and the lessee or the landowner does not, within such twelve month period commence a good faith effort to make such solar farm operational, the solar farm shall be deconstructed within twelve months thereafter, and the land returned to the owner in substantially the same condition as prior to development.

(c) The property owner is ultimately responsible for the removal of the solar farm array.

## **PROPOSAL B**

**WHEREAS**, the second proposal would be to amend the Greene County Zoning Resolution in section 601.1 (S) (3) to as follows:

*Setback requirements to the lease/property line for any building or solar array shall be a minimum of fifty feet, except that the setback from any Residential dwelling existing at the time of approval of the solar panel farm shall be two thousand (2,000) feet from the corner of the residential dwelling to the closest solar array. Residential Dwelling shall mean a permanent, not temporary improvement used for residential purposes; and*

**EFFECTIVE DATE.** Either amendment approved shall take effect immediately upon passage, the welfare of the County requiring it.

## **RESOLUTION ADOPTING AN TEMPORARY MORATORIUM ON SOLAR ENERGY FARMS**

**Whereas**, the Greene County Zoning Ordinance contains standards for the issuance of permits for Solar Panel Farms; and

**Whereas**, the Office of Inspection and Regulation has received a number of inquiries related to the creation of Solar Panel Farms and this has resulted in a number of comments and concerns being made by residents and members of the general public; and

**Whereas**, the Office of Inspection and Regulation and the Greene County Planning Commission are under great development pressure with inquiries and issues related to Solar Panel Farms; and

**Whereas**, the Greene County Legislative Body has been reviewing the Greene County Zoning Ordinance with respect to Solar Panel Farms and changes may be necessary to protect public health, safety, and general welfare; and

**Whereas**, several citizens have publicly and privately questioned the provisions of the county zoning ordinance related to solar farms demanding that the Greene County Legislative Body pass a resolution instituting a temporary moratorium on the processing of any future applications for permits for solar farms to allow time for the Office of Inspection and Regulation and the Greene County Planning Commission to study and research the proper classification, restrictions, and requirements for solar farms, bitcoin mining, and other similar activities in Greene County and to propose amendments to the present zoning ordinance to the Greene County Legislative Body to be considered for adoption and implemented to protect the public health, safety and general welfare; and

**Whereas**, notice was published, and public hearings was conducted on a temporary moratorium not to exceed six months; and

**Whereas**, it would appear then it would be in the best interests of the citizens of Greene County for the Greene County Legislative Body to pass a resolution instituting a six-month temporary moratorium prohibiting permits for solar panel farms in order to hold discussions and hearings to determine whether amendments or changes are necessary to protect the public health, safety, and general welfare of the residents of Greene County.

**NOW THEREFORE BE IT RESOLVED**, by the Greene County Legislative Body meeting on August 15, 2022, in regular session, a quorum being present and a majority voting in the affirmative that a temporary moratorium for a period not to exceed six months be implemented for the approval and acceptance of applications for Solar Panel Farms; said moratorium shall become effective immediately upon its passage and publication and shall remain in effect for a period not to exceed six months.

**BE IT FURTHER RESOLVED** that the Greene County Office of Inspection and Regulation is directed to administratively deny any applications for solar farms during the period in which this temporary moratorium is in effect; and

**BE IT FURTHER RESOLVED** that the Greene County Office of Inspection and Regulation and the Greene County Planning Commission shall schedule, publish, and notice public hearings as necessary for the purpose of studying and drafting proposed amendments and changes to the Greene County Zoning Ordinance and Land Use and Policy Plan as it relates to solar farms and that a final resolution on any proposed changes or amendments shall be made within six months.
