A Proclamation Declaring a "Day of Hope" in Greene County

Whereas, Greene County is and has been experiencing unprecedented and increasing levels of transient homelessness, fewer options for mental and behavioral healthcare treatment, and rising deaths from drug overdose and suicide; our community angsts and struggles to cope and adequately address these societal plagues; and,

Whereas, Greene County, East Tennessee, and the State of Tennessee is at the epicenter of this multi-problem national crisis, and our area and State appear woefully near the top of some very sobering statistics for these issues, with approximately 60k Tennesseans suffering from dependence on prescription narcotics; Tennessee ranks #2 in the nation for opioid use, and East Tennessee, which includes Greene County, has the highest opioid consumption of the three grand divisions. Additionally, each day in Tennessee, at least 3 people die from opioid related overdose, which is more than the number of traffic fatalities; and,

Whereas, on any given day, our intersections of commerce are populated with the transient homeless seeking meager alms for daily subsistence; our courts and jails strained with the management of many with addictions and mental health disorders; our children and family protection and resource agencies strained to the maximum; and our community behavioral health providers, local governments, food banks, community groups, charities, and faith based resources overwhelmed by the growing numbers, exhausted by the tempo to adequately provide or intervene, and all exasperated by the minute progress to help, save, and assist the many in need; and,

Whereas, Greene County and the State of Tennessee has partnered with public, private, and faith based organizations to improve our services and their outcomes through increased resources, and reaffirming our efforts for providing additional financial support to addiction and drug use prevention service programs, materials and recovery courts; educational awareness; evaluation and treatment for mental health, and addiction recovery; We find ourselves hopeful for more progress, better solutions, and celebratory at the slightest triumph in this epic battle for life and freedom; and

Whereas, knowing that Hope is an optimistic state of mind that is based on an expectation of positive outcomes with respect to events and circumstances in one's life or the world at large. Today, we remain hopeful in our collective state, knowing that no burden is too heavy, no crisis too great, or no social ill so large for a united and determined people to overcome. Additionally, as a staunch faith centered community, we know that Luke 1:37 promises that: "For with God nothing shall be impossible". Therefore, together, through hope, prayer, and continued acts and efforts of compassion and love, we will resoundingly renew our strength and reaffirm our efforts to overcome these societal ills; and,

Now, Therefore, I, Kevin C. Morrison, Mayor of Greene County and the 21 County Commissioners, do hereby proclaim, Friday, March 10, as a "Day of Hope" in Greene County, and we urge all Greene Countians to join together and reaffirm our individual, collective, private, and public efforts to overcome and persevere against the societal plagues of homelessness, substance addiction, mental health disorders, drug overdose, and suicide with a firm resolve in HOPE that there is an expectation of a better tomorrow and in all the days to come for all Greene Countians.

**PROCLAMATION
SUPPORTING ORGAN, EYE, AND TISSUE DONATION BY WAY OF PROCLAIMING
APRIL AS NATIONAL DONATE LIFE MONTH**

By becoming an organ, eye, and tissue donor, one individual can save and heal the lives of more than seventy-five people. During April, designated National Donate Life Month, and throughout the year, we honor the compassion and generosity of registered donors, donor families, and living donors, and recognize the commitment of medical professionals, researchers, innovators, champions, and national partners who work tirelessly to save and improve lives through donation and transplantation.

WHEREAS, Tennessee Donor Services (TDS) is a Donate Life agency and nonprofit organization dedicated to saving and improving lives through organ, eye, and tissue donation throughout Tennessee, and is one of 57 Organ Procurement Organizations (OPOs) throughout the nation; and

WHEREAS, each organ donor HERO can give the gift of life to eight people and each tissue donor can improve another 75 lives; and

WHEREAS, more than 100,000 American men, women, and children--3,000 of whom are Tennesseans--are waiting for lifesaving organ transplants; and

WHEREAS, the most effective way to address this health crisis is to educate and to encourage Tennesseans to commit to registering their decision to be organ, eye, and tissue donors in the Donate Life Tennessee Registry, DonateLifeTN.org, or at their local Driver Services Center; and

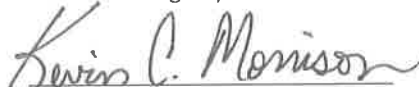

WHEREAS, Greene County supports saving lives through organ, eye, and tissue donation and finds the cause of such immediate and worthwhile importance that,

NOW, THEREFORE, I, Kevin C. Morrison with and the 21 County Commissioners do hereby proclaim:

APRIL AS NATIONAL DONATE LIFE MONTH

And in observance, Greene County shall fly a Donate Life flag throughout the month and encourage all citizens to become organ, eye and tissue donors.

Furthermore, I ask all citizens to register their decision to be donors in the Donate Life Tennessee Registry at DonateLifeTN.org or their local Driver Services Center.

Greene County Law Enforcement Committee
February 17, 2022, 5:00pm
Greene County Workhouse, Summer Street
Official Minutes

Members Present

Sheriff Wesley Holt, Lloyd "Hoot" Bowers, Jeffery Bible, Teddy Lawing, Gary Shelton,
Kathy Crawford, Lyle Parton, Josh Kesterson, Jason Cobble

The Greene County Law Enforcement Committee met at the Greene County Workhouse on February 17, 2022, at 5:00pm.

Sheriff Wesley Holt, Chief Deputy David Beverly and maintenance personnel gave the committee a tour of the workhouse. One item of concern was the water heaters near the kitchen of the facility. The water heaters are leaking and need to be replaced. Other areas of the workhouse were shown to the committee as far as what the current maintenance personnel have been doing to save money for Greene County.

After the tour of the workhouse, the committee went to the Rescue Squad building on West Church Street for dinner.

With not further business the committee adjourned after a motion by Commissioner Hoot Bowers.

Respectfully Submitted

Teddy Lawing

Minutes of the Greene County Board of Zoning Appeals

A meeting of the Greene County Board of Zoning Appeals was held on Tuesday, January 31, 2023.

~~Kevin Morrison, County Mayor~~

Also Present: Interested citizens

The Chairman called the meeting to order and welcomed attendees.

Approval of Minutes. The Chairman asked if members had received the draft minutes of the November 29, 2022 meeting. A motion was made by Bill Dabbs, seconded by Beth Douthat, to approve the minutes as written. The motion carried unanimously.

345 Charles Johnson Road. The Board tabled the 345 Charles Johnson Road front yard setback variance. The owner's Jeremy Hartsock and Joseph Buchanan were not present. No opposition present. Jason Smith made a motion to table the discussion until the next meeting, February 28, 2023, seconded by Bill Dabbs. The motion carried unanimously. In the meantime, Staff can gather more information from the owners and legal counsel so the Board can better discuss the variance request at next months meeting.

3905 Cedar Creek Road. The Board considered decreasing the front yard setback for 3905 Cedar Creek Road (tax parcel 172-010.02 & 165-070.01) from the required 55' feet from the center of the road, to 36' feet from the centerline. Approval of the nineteen-foot variance would permit the already constructed garage to remain on the property, which was zoned A-1, General Agriculture District. The freestanding three-vehicle garage was constructed on the property 36' feet from the road centerline and across a side lot line, without obtaining a building permit. If the variance is granted a subdivision plat moving the effected lot line will be submitted for Planning Commission approval. Applicant Teneya Merriam and her father Mike Jackson were present and spoke to the application. Pam Carpenter and Tammy McGinnis was present and spoke in opposition. Staff has not observed topographical, drainage/water body, property shape, restricted building area created by existing structures, or any other justification for granting the variance request.

After discussion about the observance of the property and no justification for granting the variance, a motion was made by Beth Douthat, seconded by Bill Dabbs, to deny approval, as the request does not meet the three requirements for approving a variance as listed in the Greene County Zoning Resolution:

1. No exceptional situation or condition have been observed that would result in exceptional practical difficulties to or exceptional and undue hardship upon the owner of the property if the variance is not granted; and
2. Relief can be granted without substantial detriment to the public good, but not without substantially impairing the intent and purpose of the zoning resolution; and
3. Special circumstances which do not generally apply to other property in the neighborhood do not appear to be attached to the property.

The motion carried unanimously.

1320 Sugarbowl Road. The Board considered decreasing the front yard setback for 1320 Sugarbowl Road (tax parcel 037-008.02) from the required 55' feet from the center of the road, to 40' feet from the centerline. Approval of the fifteen-foot variance would permit a residence to be constructed on the property, which was zoned A-1, General Agriculture District. The property is triangular in shape and is long (approximately 475 feet of frontage along Sugarbowl Road), and shallow (less than 190 feet at its deepest point). The limited depth means that the house cannot be constructed on the easternmost 143 feet of the property because setbacks cannot be met. The presence of a named stream (Crabtree Branch) on the property further limits construction on the westernmost portion of the lot. It appears the only place on the property where the home could be constructed is behind Crabtree Branch along the western side yard setback line. Even then, a front porch would be located in or immediately adjacent to the drainage area.

After discussion about the limitations of the property a motion was made by Bill Dabbs, seconded by Jason Smith, to grant the variance request as it met the three requirements in the Greene County Zoning Resolution:

1. The presence of Crabtree Branch creates an exceptional situation or condition that would result in exceptional practical difficulties to or exceptional and undue hardship upon the owner of the property if the variance is not granted; and
2. Relief can be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the zoning resolution; and

3. Special circumstances are attached to the property which do not generally apply to other property in the neighborhood (Crabtree Branch limiting where a structure can be built).

The motion carried unanimously.

Other Business Jason Smith requested legal counsel to send out a letter, as a notice to the contractors involving 3905 Cedar Creek Road. No permits were issued to clear up the stop work order notice or the notice of violation by the contractor who installed the garage for the owners. It was in unanimous agreeance by the Board to put the contractor on warning that their continuance of not obtaining building permits in Greene County will not be tolerated.

There being no further business, a motion was made by Robert Wilhoit, seconded by Bill Dabbs, to adjourn the meeting. The motion carried unanimously.

The meeting adjourned at 9:48 a.m.

The Chairman called the meeting to order and welcomed attendees. The Chairman asked if members had received the draft minutes of the December 13, 2022 meeting. A motion was made by Lyle Parton, seconded by Edwin Remine, to approve the minutes as written. The motion carried unanimously.

Rezoning request for 5435 Baileyton Road (tax parcel 063-009.00). The Planning Commission reviewed and considered recommending a request to rezone 5435 Baileyton Road from A-1 General Agriculture District to B-2, General Business District. Staff provided the following information: the vacant block commercial building on the site was constructed in 1978 and was previously used for automobile repair; sight distance for the property looking north on Baileyton Road appeared inadequate, but access could also be provided from Lobo Loop near its intersection with the state highway; and Ben McInturff, the new property owner, had cleaned up the property, which had essentially been a junkyard that was a long-term eyesore and problem for the County. Tim Tweed, Building Commissioner and Roger Woolsey, Greene County Attorney, discussed the situation with the previous owner and the County's attempts to get the property cleaned up. After discussion, a motion was made by Kristen Girton, seconded by Gwen Lilley, to recommend the rezoning request, based on the following rationale: Use of the property for single- or multi-family housing was unlikely, given its past use and the type of structure on the site; rezoning to a commercial district was logical if it was unlikely to be used for residential purposes; rezoning the site to B-2, General Business District, would permit use of the property as a repair establishment, which had been its historic use; and rezoning the site would meet a stated objective

of the *Greene County Land Use and Transportation Plan*, in that the proposal should result in minimal negative impact to the existing transportation system. The motion carried unanimously.

Rachel and Kyle Ham subdivision. The Planning Commission reviewed and considered granting approval to the Rachel and Kyle Ham subdivision, for one lot totaling 1.23 acres, located adjacent to Charlie Doty Road in the 16th civil district. Staff stated that all signatures had been obtained, including for the existing septic system, and recommended approval as all applicable requirements had been met. A motion was made by Phillip Ottinger, seconded by Edwin Remine, to approve the plat as it met all applicable requirements. The motion carried unanimously

Eric and Tamara Richardson subdivision. The Planning Commission reviewed and considered granting approval to the Eric and Tamara Richardson subdivision for one lot totaling 2.033 acres, located adjacent to Chimney Top Loop in the 17th civil district. Staff stated the plat met all applicable requirements, except for obtaining all necessary signatures, and recommended approval subject to all required signatures. A motion was made by Gwen Lilley, seconded by Kristin Girton, to approve the plat subject to signatures, as all other applicable requirements had been met. The motion carried unanimously.

Staff review of proposed solar farm regulations. Lyn Ashburn, Assistant Planner for Research/Special Projects, stated that the Greene County Legislative Body had approved a moratorium on solar farms on July 12, 2022. The purpose of the moratorium was to provide time for the Office of Inspection and Regulation to research if new regulations were needed and, if so, to develop a proposal for review. After an extensive review of the issue, staff made several determinations, among them being:

1. While smaller solar energy system's (SES) were the norm when regulations were developed in 2015, utility-scale solar farms are now dominant.
2. SES's are unique land uses that do not fit well into existing land use categories. The utility-scale developments can create an immense visual impact on surrounding areas but once construction is complete, they do not usually create nuisances associated with high impact uses, such as noise, pollution, odors, and/or traffic.
3. Limiting SES's to the M-1, Industrial District or M-2, High Impact Use District, decreases the limited number of industrial parcels that can be used for traditional industrial development, which, in turn, decreases the potential number of manufacturing jobs. It can also lead to isolated parcels being zoned for industrial use in locations where industrial development is not appropriate.
4. Because top soil is disturbed or even removed when installing in-ground SES's, the future use of these lands for agricultural purposes is restricted and possibly even eliminated. Agriculture is such an important industry in Greene County that the use of prime farmland for in-ground SES's should be well regulated.

5. Losing prime farmland can create a negative domino effect, particularly when considering long-term leases for solar development which often extend for thirty years. First, productive farmland close to urban centers, which is often what is being “lost”, is taken out of the agricultural land inventory. Next, new land has to be brought into agricultural production, but it is often more marginal land that is farther from municipalities and involves an increased environmental and economic cost related to an increased natural grade of the land and distance from urban centers. Also, agricultural land close to urban centers is where most new residential development takes place, as it generally has a better transportation network and access to utilities, employment, and shopping. Tying up land for 20-30 years means that residential growth will leapfrog away from urban centers, resulting in increased sprawl, increased pressure on more marginalized transportation and utility networks, and increased cost to local governments and utility providers when attempting to serve these areas.
6. It would be simple to draft a resolution to protect prime farmland, but the regulations could easily become regulatory overreach.
7. During a review of solar farm regulations, staff determined that regulations to protect farmers and farmland could inadvertently cause harm. The most concerning situation occurs when regulations create such an increase in property value that it is more financially beneficial for property owners to sell or lease to a solar development company instead of leasing to a farmer.
8. The Tennessee Farm Bureau has been so concerned about the impact of utility-sized solar development that they approached the state legislature with their concerns.
9. The state legislature approved, and Governor Lee signed, Public Chapter 1043, Acts of 2022, *Utility Scale Solar Energy Development*. The act directs the Tennessee Advisory Commission on Intergovernmental Relations (TACIR) to conduct a study addressing the impact of utility-scale solar development on farming and local communities, with a due date of September 30, 2023.

Staff concluded that while it was possible to revise the current regulations, it was not the best course of action. It was imperative that the agricultural nature of Greene County be protected, and TACIR had the experience, knowledge, and resources to create model regulations that would provide this protection. For this reason, staff recommended that the moratorium on solar farm development, which was due to expire in February, be extended.

Proposed solar farm resolutions. The Planning Commission discussed the resolution prepared by staff that would extend the solar farm moratorium for 14 months, a time period that allowed for review of the TACIR study and the creation of new regulations.

RESOLUTION ADOPTING A ZONING RESOLUTION EXTENDING AN EMERGENCY MORATORIUM ON SOLAR ENERGY SYSTEMS.

Whereas, the *Greene County Zoning Resolution* contains standards for the issuance of permits for Solar Energy Systems; and

Whereas, on August 15, 2022, the Greene County Legislative Body enacted a Resolution instituting an emergency moratorium on the construction of Solar Energy Facilities; and

Whereas, the intent of the moratorium was to allow time for the Office of Inspection and Regulation and the Greene County Planning Commission to study and research the proper classification, restrictions, and requirements for Solar Energy Facilities, bitcoin mining, and other similar activities in Greene County and to propose amendments to the present zoning ordinance resolution to the Greene County Legislative Body to be considered for adoption and implemented to protect the public health, safety, and general welfare; and

Whereas, the Office of Inspection and Regulation determined the Tennessee Farm Bureau had identified concerns to the Legislature of the State of Tennessee about rapid growth in utility-scale solar installations, which could utilize thousands of acres of farmland for the siting of solar panels and for easements to run transmission lines; and

Whereas, the Legislature of the State of Tennessee found credence in these concerns and approved Public Chapter 1043, Acts of 2022, directing the Tennessee Advisory Commission on Intergovernmental Relations (TACIR) to perform a study of the overall effects of utility-scale solar energy development in Tennessee; and

Whereas, TACIR has the extensive experience and knowledge necessary to ensure that proposed regulations do not inadvertently harm local farming communities; and

Whereas, the Greene County Farm Bureau has stated that the Greene County moratorium should be extended until the TACIR study has been released and adequate time provided for local regulations to be developed based on the recommendations of the study; and

Whereas, on or by September 30, 2023, TACIR shall report its findings and recommendations, including any proposed legislation, to members of the energy, agriculture, and natural resources committee of the senate and members of the agriculture and natural resources committee of the house of representatives; and

Whereas, the Office of Inspection and Regulation will need time to review the findings and develop new regulations concerning solar energy systems; and

Whereas, notice was published and a public hearing was conducted on extending the moratorium for no more than fourteen (14) months

Whereas, it would appear to be in the best interests of the citizens of Greene County for the Greene County Legislative Body to pass a resolution extending the temporary moratorium prohibiting permits for Solar Energy Systems until April 20, 2024, in order to hold discussions and hearings to determine whether amendments or changes are necessary to protect the public health, safety, and general welfare of the residents of Greene County.

NOW THEREFORE BE IT RESOLVED, by the Greene County Legislative Body, meeting on February 21, 2023, in regular session, a quorum being present and a majority voting in the affirmative that a fourteen-month moratorium be implemented for the approval and acceptance of applications for Solar Energy Systems; said moratorium shall become effective immediately upon its passage and publication and shall remain in effect for a period not to exceed fourteen (14) months.

BE IT FURTHER RESOLVED that the Greene County Office of Inspection and Regulation is directed to administratively deny any applications for Solar Energy Systems during the period in which this temporary moratorium is in effect.

BE IT FURTHER RESOLVED that the Greene County Office of Inspection and Regulation and the Greene County Planning Commission shall schedule, publish, and notice public hearings as necessary for the purpose of studying and drafting proposed amendments and changes to the Greene County Zoning Resolution and Greene County Land Use and Transportation Policy Plan as it relates to Solar Energy Systems and that a final hearing on any proposed changes or amendments shall be held within fourteen (14) months.

Staff introduced Daryl Bellissimo, a Greene County resident who had prepared two resolutions, one to permit solar farms in the M-2 zone, and a second to extend the moratorium. Ms. Bellissimo stated that, if the Planning Commission opted to recommend a resolution to extend the moratorium, she would support staffs' proposal. Discussion ensued regarding the possibility of requiring solar developments to be restricted to the M-2 district, whether the M-1 zone would be more appropriate, and the potential drawbacks to siting solar facilities in industrial districts. Ms. Girton asked if having an updated long-range plan would help in determining where solar developments should locate. Staff stated that it would be helpful, but that the time frame for the completion of such a study would be past the proposed 14 month moratorium. It was noted that an updated plan would be helpful in creating protections for farmland, as the existing plan provided no guidance for preserving agricultural uses. As with other communities, the A-1 General Agriculture District was treated like a holding zone, meant to be used until residential, commercial, or industrial uses developed on the property.

Mr. Woolsey was asked about the status of solar developments proposed by Silicon Ranch. He stated that the Liberty Hill and Milburton plants were online, the Asheville Highway property was no longer under consideration, and the Reed Road site could progress regardless of the moratorium. Mr. Woolsey added he had attempted to contact the solar development firm that had contracts for several tracts in the Baileyton area but had never received a response.

Stacy Bolton of the Greeneville Energy Authority provided information on the Silicon Ranch projects, as well as what, if anything could be done to prevent outside electric companies from locating solar farms in Greene County.

The Planning Commission was informed that the Greene County Farm Bureau supported extending the moratorium as proposed, as it would provide time for staff to review the TACIR study and propose new regulations based on TACIR recommendations.

A motion was made by Gwen Lilley, seconded by Lyle Parton, to recommend approval of the resolution to extend the moratorium, with changes as deemed necessary by the County Attorney. The motion carried unanimously.

Administrative minor subdivisions. The Planning Commission was informed the following subdivisions had been approved since the last meeting.

- Audrey Lowery Property, for one lot totaling 0.50 acre, located adjacent to Majestic Circle in the 9th civil district.
- Division of lot 8 of the Heirs of the Late Sam and Pauline Crum property, for two lots totaling 0.93 acre, located adjacent to Camp Creek Road in the 22nd civil district.
- Coy Hinkle etux property, for one lot totaling 0.42 acre, located off Hinkle Lane in the 19th civil district.
- Richard Allen Jones property, for one lot totaling 1.93 acres, located adjacent to Elmer Hayes Road in the 23rd civil district.
- Replat of Lots 49 & 50 of the Wilhoit property, for one lot totaling 1.23 acres, located adjacent to Chuckey Pike in the 1st civil district.

A motion was made by Kristin Girton, seconded by Phillip Ottinger, to accept the list. The motion carried unanimously.

Monthly activity report for Building/Zoning/Planning Office. Tim Tweed discussed the monthly department activity report. A motion was made by Gwen Lilley, seconded by Kristin Girton, to accept the report. The motion carried unanimously.

Other Business. The Planning Commission considered a proposal, presented by Brian Bartlett, to review and consider a proposal by McBride Dale Clarion and Community Partner to update the Greene County Comprehensive Land Use Plan. It was noted the Planning Commission had previously discussed the need for an update, and that the Building/Planning Department did not have enough personnel to perform the study. Discussion ensued concerning the cost, potential negative impacts if an update were not performed, and the need to have something created that was specifically for Greene County, and not something cut/pasted from another community. After discussion a motion was made by Kristin Girton, seconded by Stevi Misener, to move the recommendation for the study to the Budget and Finance committee. The motion carried 6-2, with Lyle Parton and Edwin Remine voting "No".

Replat of Helen Brown Subdivision. The Planning Commission reviewed and considered granting approval to the Replat of Helen Brown Subdivision, for one lot totaling 3.38 acres, located adjacent to Henard Road in the 23rd civil district. Staff stated the plat met all applicable requirements, except for obtaining all necessary signatures, and recommended approval subject to all required signatures. A motion was made by Kristin Girton, seconded by Gwen Lilley, to

approve the plat subject to signatures, as all other applicable requirements had been met. The motion carried unanimously.

County Attorney review of the solar farm resolution. After reviewing the moratorium-extending resolution, Mr. Woolsey recommended adding verbiage to include bit coin mines and wind farms to the resolution, and to note that the Reed Road solar development was not subject to the conditions of the moratorium. A motion was made by Kristin Girton, seconded by Gwen Lilley, to accept the recommendation of Mr. Woolsey and have the resolution revised to show the changes. The motion carried unanimously.

There being no further business, a motion was made by Edwin Remine, seconded by Lyle Parton, to adjourn. The motion carried unanimously. The meeting adjourned at 2:35 p.m.

Greene County Greeneville Emergency Medical Services Board Meeting

Thursday, December 8, 2022
3 pm. Greene County Annex

Minutes

Attendees Present:

Board Voting Members: Greene County Mayor Kevin Morrison; Chairman of the EMS Board County Commissioner Kathy Crawford; County Commissioner Robin Quillen; Ballad Greeneville Community Hospital Chief Nursing Officer Robin Roberts; City Alderman Ginny Kidwell

Board Non-Voting Members: EMS Director Calvin Hawkins

Other Attendees: EMS Operations Director TJ Manis; EMS Training Officer Greg Franklin; EMS Board Secretary Jessica Bowers;

Board Voting Members Absent:; Greeneville Mayor Cal Doty; Medical Director Dr. John Kitsteiner; Greene County Health Department Director Matthew McConaughy; Ballad Greeneville Community Hospital Administrator Eric Carroll

Board Non-Voting Members Absent: EMA Director Heather Sipes; EMS Field Representative Jeff Johnson; EMS Field Representative Kaitlyn Payne

Chairman Crawford called the meeting to order.

This was a called EMS Board Meeting.

New business was discussed.

I. Call incentive program

Director Hawkins explained to the board that he was asked to meet with Budget Director Lowery and Mayor Morrison about presenting to the EMS Board a rate increase to the call incentive program on transports over 100 miles and critical care transports. Transports over 100 miles would increase from \$50 call incentive to \$100 call incentive per crew member. Critical Care transports would increase from \$5 to \$50 for the Paramedic and from \$5 to \$25 for the EMT since the Paramedic would be the primary caregiver for the transport. Commissioner Quillen inquired how many critical care transports are performed each month. Director Hawkins explained that it varies but on average around 2 to 3 each month. A motion was made by

Commissioner Quillen to adopt the proposed rate increases for Critical Care Transports and Transports over 100 miles. Seconded by Greeneville East CNO Roberts. Approved unanimously.

II. Change in Board Meeting Dates

Director Hawkins noted in reviewing the minutes from the previous EMS board meeting on Thursday, October 27th there was discussion about changing the board meeting dates, but there was no motion specifically made that stated to change the meeting dates to be held on the second Thursday quarterly in February, May, August, and November. A motion was made by Commissioner Quillen to adopt the new Board Meeting Dates. Seconded by Alderman Kidwell. Approved unanimously.

III. Other Business

Assistant Director Manis noted that the two new ambulances were previously purchased by the county and are now expected to be delivered in about 6 weeks. The new Supervisor Vehicle has been built, but we don't have a delivery date yet. There was an ambulance that was wreck just recently and was not damaged heavily but will probably take 4 to 6 months to find the parts to repair the ambulance.

Commissioner Crawford stated that she would like to perform anonymous survey to find out why EMS is losing employees. Alderman Kidwell suggested reaching out to CTAS to see if they would give some assistance. Commissioner Quillen made a motion to have the county perform an anonymous employee satisfaction survey. Seconded by Greeneville East CNO Roberts. Approved unanimously.

IV. Next Steps for EMS Board

The next scheduled meeting will be Thursday, February 9th, 2023 at 3:00 pm at the Greene County Annex.

Commissioner Quillen made a motion to adjourn. Seconded by Greeneville East CNO Roberts.

Board Non-Voting Members Absent: None

Chairman Crawford called the meeting to order.

A motion to approve the minutes from July 28, 2022 was made by Commissioner Quillen and seconded by Health Dept Director McConaughy and were approved unanimously.

New business was discussed.

I. Power-load System in Ambulances

Director Hawkins explained to the board that the board had never voted to have the power-load system installed in all new ambulances purchased. The power-load system was demonstrated to the board in April 2018 but the board had failed to vote to have the system install with each new ambulance purchase. Commissioner Quillen made a motion to have the power-load system installed on each new ambulance purchased. Seconded by GCHE Chief Nursing Officer Roberts. The motion passed unanimously.

II. Update on Purchase of New Ambulances

Assistant Director Manis discussed that he had spoken to the ambulance vendor in North Carolina and are hopeful to have the new ambulances ready around January 2023. He stated that there is a Pre-Build Meeting scheduled in November to make sure that the ambulance is designed to our requirements.

III. Mobile Cad System

Assistant Director Manis discussed that the new Mobile Cad alert system had been installed on the EMS toughbooks but was not live at this time. He stated that the EMS personnel will be able to see real time information in regards to the call that may not be relayed to them as it should show live at the time it is being entered into the Cad system at Central Dispatch.

IV. Joint Venture EMT Class with GFD

Training Officer Franklin discussed how the Tennessee EMS Board had approved Greene County EMS / Greeneville Fire Department to start a EMT Basic Class. He stated that it would be used to help retain employees. He stated that there are state guidelines about passing rate and retention of students. He stated that they would be advertising and interviewing potential students. There will be a max of 10 students allowed in the class.

V. Recent EMS audit

Director Hawkins discussed the EMS recent audit. He stated that there were no findings, but the state auditor did have some suggestions.

VI. EMS Employee Status

Director Hawkins discussed the current employee status. Currently, there are eight full time positions open. Assistant Director Manis said that there are five part time employees. Mayor Morrison noted that the Greeneville Fire Dept has been assisting EMS with 911 medical calls. Director Hawkins noted that many times long distant trips are being declined sometimes because of shortages in staff or inability to find staff to come in on non-

working days to perform the transports. Director Hawkins stated that the service tries to have employees that are not working to come into work and performed these transports. EMT P Representative Johnson also stated many Vent Medics are considering not renewing their Vent Certifications because of the call incentive being only five dollars on critical care transfers. The board inquired if the increasing the call incentive would increase potential interest from employees to perform the long distant trips as well as for the critical care transports. Director Hawkins and EMT P Representative Johnson both stated that they felt it would increase interest. Commissioner Quillen suggested speaking to Budget Director Lowery about if the current budget could accommodate an increase.

VII. Change in Board Meeting Dates

Director Hawkins explained that due to a history of scheduling conflicts he would like to ask the board to consider moving the quarterly meetings from January, April, July, and October to February, May, August, and November. The board seemed in agreement to this. Mayor Morrison made a motion at this time to that the EMS administrative team speak to Budget Director Lowery about increasing the call incentive for long distance/critical care transports and having a call meeting on December 8th at 3 pm to discuss and possibly implement an increase in the incentive program's long distance/critical care transports to be implemented at the beginning of the calendar year. The board would then address any concerns after implementation at the regular scheduled EMS board meeting in February 2023. The motion was seconded by Commissioner Quillen and passed unanimously.

VIII. Other Business

Assistant Director Manis told the board that Breast Cancer Awareness shirts were made and purchased by employees in October. A donation from the sales in the amount of \$673 was made to St. Jude Children's Hospital.

Mayor Morrison stated that the Insurance Committee had recently met and suggested that the crews have a spotter when backing in the ambulance into the bays. He said that the Insurance Committee voted to direct EMS to have

the passenger be the spotter when backing in the ambulance due to a couple of claims they felt could have been prevented.

Director Hawkins also state that EMS has performed two standby events and we have not paid for the standby service that we performed. Mr. Woolsey suggested sending a letter to these companies.

Mayor Morrison also noted that the ceiling in the EMS headquarters training room collapsed recently and will need to be repaired. The entire building was inspected and that report will be submitted to the insurance company. There are also some constructional concerns with some steps that exit from the second floor of headquarters as well as the steps that are attached to the billing office.

EMA Director Sipes gave an update on the generator status for EMS Station 2 / Election Commission /EMA headquarters. She hopes to get the approval from FEMA in the next few months.

IX. Next Steps for EMS Board

A called meeting will be held on Thursday, December 8, 2022 at 3:00 pm at the Greene County Annex.

Commissioner Quillen made a motion to adjourn. Seconded by Health Dept Director McConaughy.

Others Present:

Mario Micallef - Greeneville Sun, Jerry Bird – Director, Kelly Dabbs – Training, Kevin Morrison – Mayor of Greene County, Wesley Holt – Sheriff, David Beverly – Chief GCSD, Erin Elmore – Greene County H.R., Roger Woolsey – County Attorney.

The Greene County Emergency Communications District Board of Directors met on Tuesday, December 13, 2022 at 3:30 pm, in the boardroom of the Greene County Courthouse Annex. Chairman Tim Ward Called the meeting to order.

Mayor Kevin Morrison took time to speak to the new members of the board from Baileyton, Mosheim and Tusculum and explained that it would be up to them to take back information from the Emergency Communications District to their respective Town's Mayors and Aldermen/Board Members. They had a vote on the board for their perspective Towns.

The minutes from the October 11, 2022 meeting was presented to the board. Upon motion by Hoot Bowers and a second by Teddy Lawing, and an affirmative vote of the board, the minutes were approved.

Treasurer John Waddle presented the financials for October and November to the board. Upon motion by Hoot Bowers and a second by Pam Carpenter, and an affirmative vote of the board, the Treasurers Report was approved.

Training Officer Kelly Dabbs told the board that two new dispatchers were trained and released to work regular schedule. They have hired two new dispatchers and are starting their training. Currently they are at 17 dispatchers with 18 authorized by the board.

Jerry Bird told the board about the status of the RAVE System (Notification System), Computers have been ordered as the old computers that were planned to be used were not up to date. Once the new RAVE System is setup, members of the community will

have to sign up once again to get the notifications. Hyper Reach has billed for the rest of this year.

Erin Elmore discussed Text Care Tele-Health for employees of Greene County 911. This health care option would allow employees to have better ways to obtain medical care on the weekends. Upon motion by Hoot Bowers and a second by Teddy Lawing, and an affirmative vote of the board, Greene County 911 will pay for this benefit for their employees.

Jerry Bird told the board about a problem with the generator. A radiator needs replaced that costs \$2295.41 and a new generator would cost approximately \$60,000.00. There was discussion that if we repaired the generator that it would voted the maintenance contract. Sheriff Wesley Holt advised that he would have his maintenance person check the generator and report back if they could fix it. If it can be fixed local, it would save money.

Chairman Tim Ward thanked the new members of the board.

With no further business, upon motion by Hoot Bowers, meeting was adjourned.

Greene County Road Committee Meeting

Present:	Absent:	Guest:
Tim White	John Waddle, Jr	Johnny Franklin
Josh Arrowood	Roger Woolsey	Ralph & Connie Wendling
Llyod Bowers		Nancy Goins
Chase Murray		Robert Lamb
Gary Shelton		Ranger Gary from
William Dabbs		Davy Crockett Park
Kevin Swatsell		
Gary Rector		

The meeting was called to order by Chairman Tim White.

A motion was made by Chase Murry that the minutes for the meeting on September 12, 2022, and was as seconded by Williams Dabbs and was approved.

Tim White welcomed everyone and asked everyone to introduce themselves.

Llyod Bowers had brought this to discuss the potential stop signs at the intersections at St. James Road and Cedar Creek Road. Llyod Bowers found that this committee has no authority on stops signs. Lloyd Bowers pulled this from the agenda.

Tim White asked the representatives for the intersections at St. James Road and Cedar Creek Road to speak about their concerns and issues.

Johnny Franklin said that there is a Stop Sign at the intersection of St. James Road and Cedar Creek Road that is off set and when you are coming from St James and Newport it is hard to see. There has been minor accidents till a little bit ago. People are flying out this road. Mr. Franklin is suggesting a couple of stop signs for the safety of the community. This is so someone doesn't get killed here at this intersection. Also Mr. Franklin said that if funding is a problem he will pay for the two stop signs, two post and brackets.

There is a petition from the people that lives on St. James Road and Cedar Creek has signed.

Connie Wendling talked about how the community has change and traffic has picked up and it will keep growing and that there will be more accidents like hers. There are also children riding bikes to her store. People are crossing double yellow lines to straighten out the curves there. Intersection is not a straight intersection and cross paths are off line. You cannot see at the hill at St. James Road to pull out. People are doing 50 m.p.h. thru there thinking it is a straight away but it is not. Please fix before someone gets killed or hurt. She was in an accident here on a side by side that was tagged to be on the road.

Ralph Welding (Connie Wendling husband), Nancy Goins and Robert Lamb all agreed and reinforced the safety issue and speed. They want 2 stop signs.

Kevin Swatsell says the problem with this intersection is a vertical curve. It is coming from Cedar Creek to County line two offset or feeder roads they both stop. If we put up a new stop sign there at the vertical curve there is no way to pre-warn someone going toward Cotton's Store from Cedar Creek Road enough to slow them down for the St. James Road. Kevin Swatsell is thinking unless something is done vertically with the road. The Stop Signs are not going to make it safer but it is going to make it worst.

Kevin Swatsell is going to research the intersection, contact state government and see if they can help and Mrs. Welding is going to email Kevin Swatsell the crash report.

Tim White gave the floor to Ranger Gary from Davy Crockett State Park.

Ranger Gary is wanting a two speed limit signs. One at the county line and Davy Crockett Park for 30 m.p.h. The other at the camp ground 20 m.p.h. Traffic is heavier and people are speeding. The Park would enforce the speed with writing tickets and giving the revenue to the county.

Lloyd Bowers makes motion for Road Committee to sponsor a resolution to brought to full commission next month. Chase Murry seconded the motion and it was approved.

On other business Kevin Swatsell presented the committee with gov deal items to sell. A motion was made by Lloyd Bowers to sponsor and take resolution to the commission to sell gov deal items. Seconded by Gary Shelton and it was approved.

Kevin Swatsell also asked to move 100k funds to get 2 grapple trailers. These trailers will help on the wear and tear of the Gradall. It will also help get roads cleared quicker. A motion was made by Lloyd Bowers to sponsor and take resolution to the commission to sell gov deal items and purchase grapple trailers. Seconded by Gary Shelton and it was approved

A motion was made to adjourn by Llyod Bowers and was seconded by William Dabbs and it was approved.

STATE OF TENNESSEE
COUNTY OF GREENE

GREENE COUNTY BEVERAGE BOARD COMMITTEE
OCTOBER 19, 2022
4:00 P.M.

The Greene County Beverage Board met in a called session on October 19, 2022, in the conference room at the Greene County Annex to consider the revocation or suspension of the beer permit issued by Greene County to Ahmad M. Fayyazi, 1949 McCleary Road, Sevierville, TN 37876 for Jimmy's Market/Fayyazi Fuel Enterprises at 10025 Lonesome Pine Trail, Mosheim, TN 37818. Pursuant to T.C.A 39-15-413, the Greene County Sheriff's Department in Conjunction with other law enforcement agencies used a person under the age of twenty-one years to attempt to purchase beer at Jimmy's Market/Fayyazi Fuel Enterprises at 10025 Lonesome Pine Trail, Mosheim, TN. Two employees of the permit holder at that location did on three separate occasions sell beer to a person under the age of twenty-one years in September of 2022.

Commissioner Bill Dabbs, Chairman of the Beverage Board Committee, called the Beverage Board Committee Meeting to order. The following Beverage Board Committee members were present for the meeting: Commissioners Bill Dabbs, Gary Shelton, Josh Arrowood and County Clerk Lori Bryant was present. Sheriff Wesley Holt, Bobby Matthews, and Teddy Lawing was also present at the meeting. Ahmad M. Fayyazi, permit holder for Jimmy's Market/Fayyazi Fuel Enterprises and William Bell, Attorney representing Ahmad M. Fayyazi, was also in attendance at the meeting.

A motion was made by Commissioner Bill Dabbs and seconded by Commissioner Gary Shelton to approve the prior minutes for the September 13, 2022 Beverage Board Meeting. The prior minutes were approved.

The Beverage Board was presented with certified copies of the warrants where two employees of the beer permit holder pled guilty in the General Sessions Court for Greene County, Tennessee to selling beer to a under the age of twenty-one years in violation of T.C.A 39-17-504.

Lt, Teddy L. Lawing explained to the Beverage Board Committee, on September 15, 2022, officers with the Greene County Sheriff's Department conducted an investigation pursuant to T.C.A 39-15-413 Law Enforcement Efforts, using a person under the age of 21 to attempt to purchase alcohol at Jimmy's Market, 10025 Lonesome Pine Trail, Mosheim, TN 37818. Lawing stated that between 1853 and 1856, defendant, Emily Diaz while acting in her job as a cashier at Jimmy's Market, did sell a 6 pack of Bud Light (an alcoholic beverage) to the first informant, and a can of Grizzly Wintergreen Smokeless Tobacco was sold to the second informant to a person under the age of 21.

Lt. Teddy L. Lawing explained to the Beverage Board Committee, on September 21, 2022, at approximately 1628, officer's with the Greene County Sheriff's Department conducted an investigation, using a person under the age of 21 to attempt to purchase alcohol at Jimmy's Market, 10025 Lonesome Pine Trail, Mosheim, TN 37818. On September 21, 2022, between 1630 and 1635, said defendant, Carol Ann Justis while acting in her job as a cashier at Jimmy's Market, 10025 Lonesome Pine Trail, Mosheim, TN 37818, did sell a six pack of canned Budweiser (an alcoholic beverage) to a person under the age of 21, identified as Underage Person 1. On September 21, 2022, between 1630.and 1635 said defendant, Carol Ann Justis while acting in her job as cashier, did sell a six pack of Coors Light (an alcoholic beverage) to a person under the age of 21, identified as Underage Person 2.

William Bell, Attorney for Ahmad M. Fayyazi, explained to the Beverage Board, the two defendants have been disciplined in writing and have been put on notice. He said to prevent from happening again, a device has been installed to scan the informant's Driver License to show age of buyer before a purchase can be made. William Bell asked the Beverage Board to drop the charges down from 3 charges to 1 charge.

Commissioner Bill Dabbs, Chairman of the Beverage Board, offered the beer permit holder the alternate to pay a civil penalty of ONE THOUSAND, FIVE HUNDRED (\$1,500.00) DOLLARS for each offense of selling beer to a person under the age of twenty –one years; for the three separate offenses a total of FOUR THOUSAND, FIVE HUNDRED (\$4,500.00) DOLLARS. Chairman Dabbs stated that if this happens again the Beer Permit for Jimmy's Market Fayyazi Fuel Enterprises will be revoked.

The permit holder, Ahmad M. Fayyazi agreed to accept the civil penalty of \$4,500.00 for the three separate offenses which civil penalty must be paid within seven days in order to avoid the suspension of his beer permit for that location which the payment due date is October 26, 2022

County Attorney Roger Woolsey was contacted by phone to find out how the check should be made out. County Attorney Roger Woolsey advised the civil penalty of \$4,500.00 and the check would be made to the order of Greene Count and would go into the General Fund. He said he would draw up an order for the payment for the civil penalty.

ADJOURNMENT

Chairman Bill Dabbs adjourned the Beverage Board Meeting for October 19, 2022.

Greeneville, TN 37745

Dear Mayor Morrison,

I would like to respectfully request that you please nominate Ms. Sangela Blue for a second three-year term on the Greeneville/Greene County Public Library Board of Trustees. Ms. Blue has been serving as a Library Trustee since January of 2020 and has been a very valuable board member. She is willing to continue serving the library for another three-year term.

Ms. Blue continues to work for the State of TN Department of Labor and Workforce Development in Johnson City. She previously for the State of TN Department of Human Services here in Greeneville. Prior to working for the State, Ms. Blue spent eleven years working for the Boys and Girls Club of Greene County, both as a paid employee and as a volunteer.

I have asked Kim to place this appointment on the agenda for the March County Commission meeting. Please feel free to contact me or Eleanor G'Fellers, Chair of the Library Board, if you have any questions.

Sincerely,

Erin Evans, Director

MEMORANDUM

To: The Greene County Regional Planning Commission
From: Amy Tweed, Planning Coordinator
Tim Tweed, Building Commissioner
Lyn Ashburn, Research/Special Projects
Date: February 1, 2023
Subject: Request to rezone a portion of property located adjacent to Ryan Road
(part of parcel containing 4205 Jearoldstown Rd.)
Tax parcel: 009-p/o005.00
Size: The northeastern portion (2.20 acres) of a 112.73 acre tract
Owners: William F. Buchner, Jr and Paula Sue Lukat Buchner
Existing zone: A-1 General Agriculture District
Requested zone: B-2, General Business District
Existing use: Agricultural storage building
Proposed use: Clothing store and storage warehousing
Area zoning: A-1 in all directions
Area land use: There are scattered, low-density single family homes and farms surrounding the property.
Notes: The area requested for rezoning constitutes 2.20 acres of the almost 113 acre tract, part of which fronts on Jearoldstown Road, while the other section is accessed from Ryan Road. The proposed lot is roughly rectangular in shape, with 398.20 feet of frontage along Ryan Road, and a maximum depth of 264.35 feet. This area of the tax parcel is separated from the I-81 right-of-way by Ryan Road. Although the property is located close to the interstate, the closest access point is the Jearoldstown Road exit, located approximately three miles away. The Greene County Road List, maintained by the Greene County Highway Department, lists the pavement widths for both Ryan Road and Jearoldstown Road as 18', which is less than the minimum required width for a fire lane located within a commercial development.

Traffic volume in the area, as recorded by the Tennessee Department of Transportation (TDOT) is low, with 2021 data for Station 162 (located approximately two miles west of the site along Jearoldstown Road) being 286 average daily trips, or ADT's. There are no obvious commercial or higher intensity uses in the area, so rezoning the property would essentially create a spot commercial zone, unless additional properties in the area were also rezoned at some point.

The 2.20 acre area abuts an 11.33 acre tract containing two single family residences, one located approximately 60 feet from the area requested for rezoning.

Options:

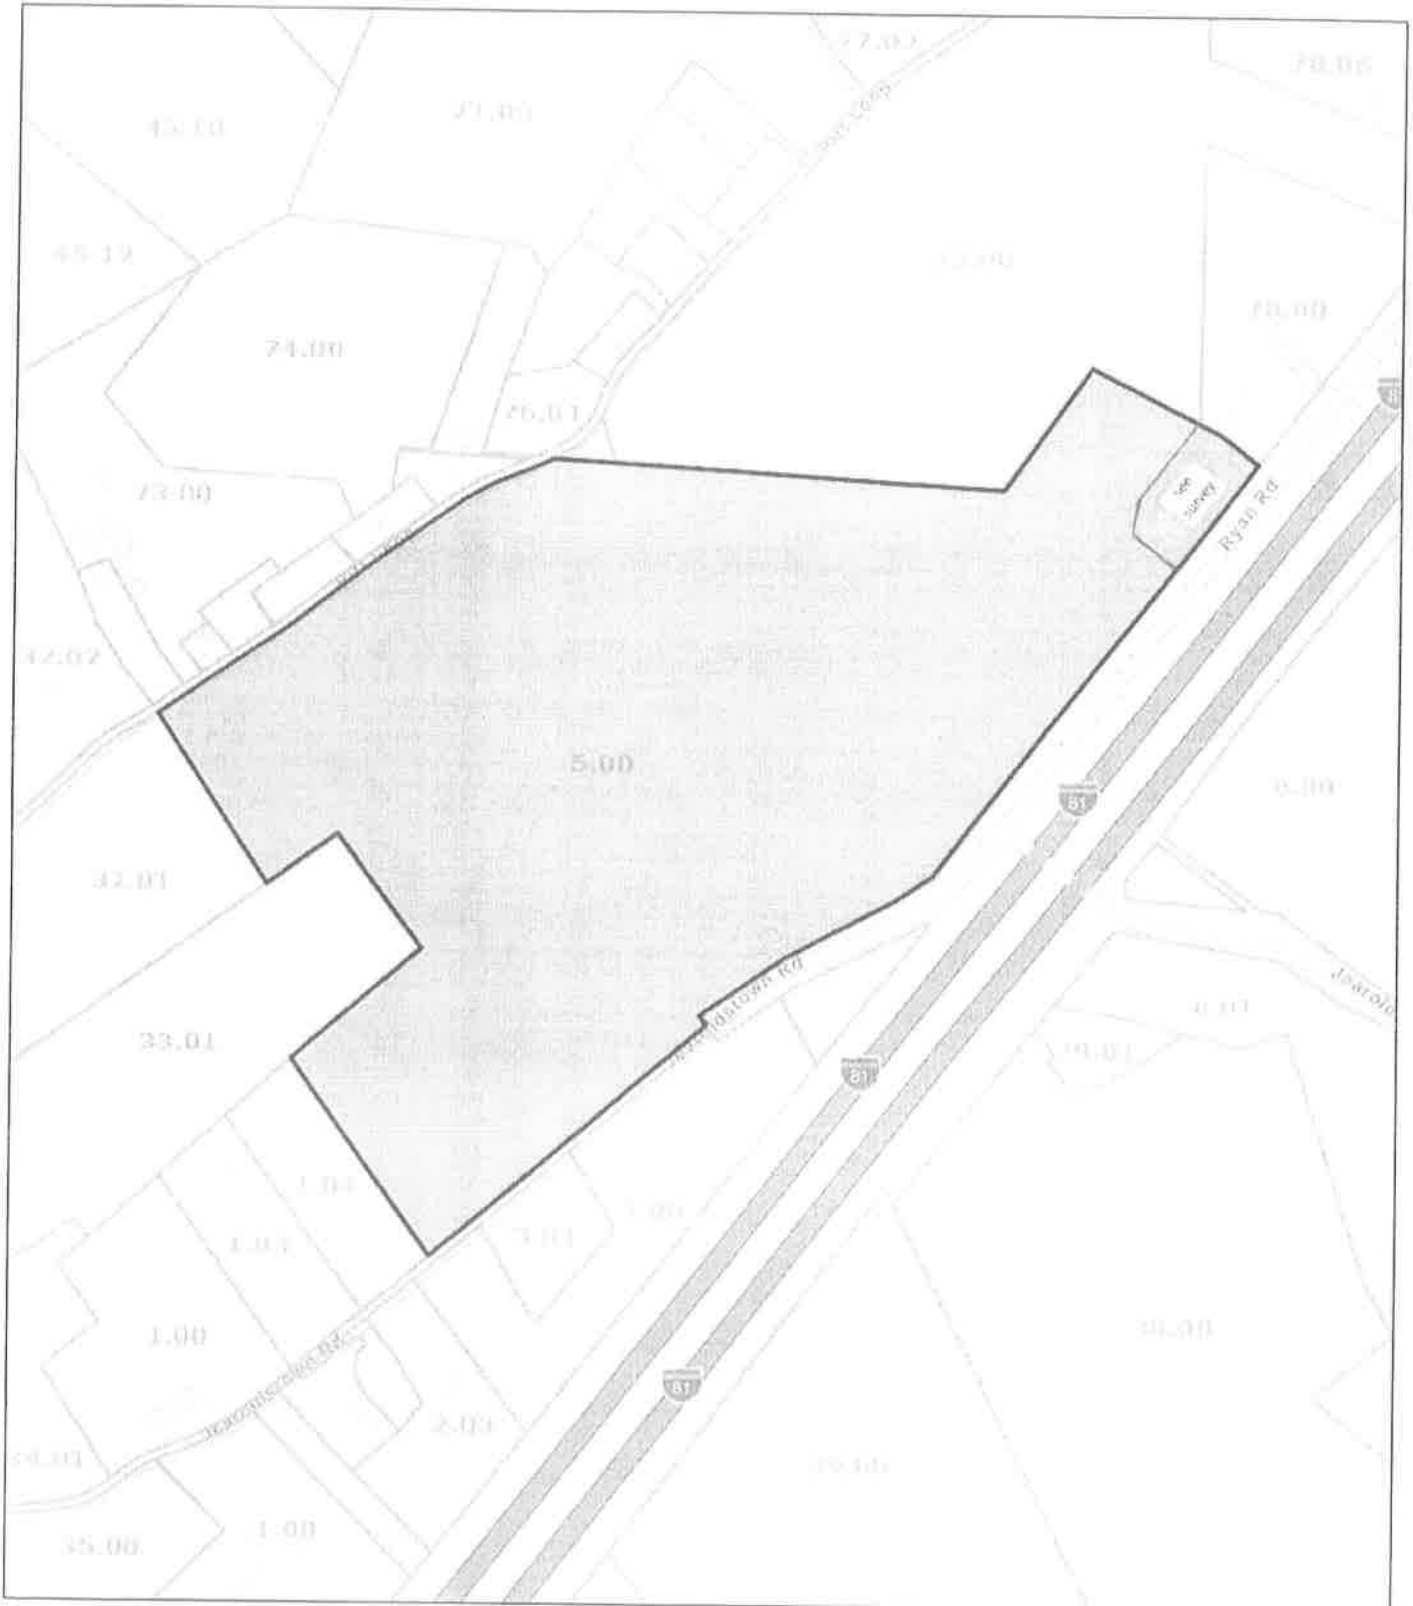

1. Recommend approval of the rezoning request:

- The proposed use is not a large traffic generator, although any use permitted in the B-2 district can locate on the property once it is rezoned.

2. Recommend denial of the request:

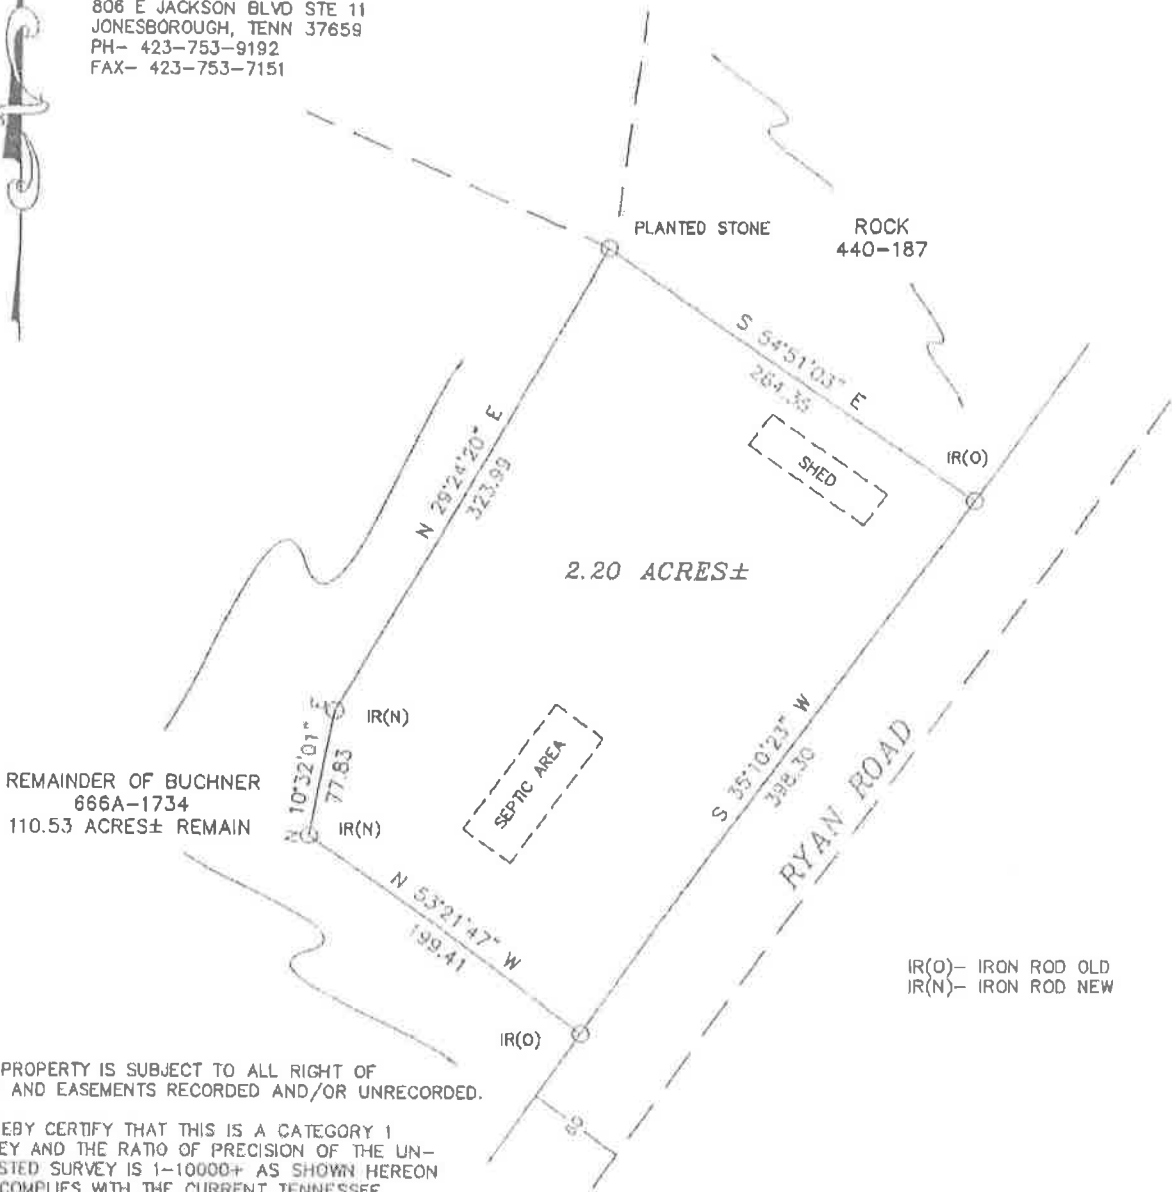

- The location is in a somewhat remote, very low-density area that is primarily agricultural mixed with non-farm residences;
- As per the *Land Use and Transportation Study*, "clustering of commercial developments should be encouraged, with controlled entrance and exit points." This area, with very low-density development, no noted existing commercial uses, very low traffic counts, and narrow pavements widths on area roads, is not appropriate for clustering of commercial development.
- The roads accessing the property have pavement widths less than that required by the Building Code for fire lanes within commercial developments. While this alone is not a reason to deny a rezoning request, it does put in perspective the relative inadequacy of the road network for clustered commercial development.
- No other commercial uses were noted in the immediate area;
- The proposed use would be located approximately sixty feet from an adjoining residential use,

**A RESOLUTION TO SET THE SPEED LIMIT
ON DAVY CROCKETT PARK ROAD
(First Reading)**

WHEREAS Davy Crockett Park Road is in the 15th Civil District of Greene County and is 2.03 miles in length connecting the Chuckey Highway and Washington County Line; and

WHEREAS, *Tennessee Code Annotated §55-8-153(d)* authorizes the Greene County Legislative Body to set speed limits on county roads; and

WHEREAS, the Park Ranger from Davy Crockett Park District has made a request to the Greene County Highway Committee at their February 13, 2023 to sponsor a Resolution to reduce and set the speed limit on that portion of Davy Crockett Park Road from the three-way stop at the park entrance to the three-way way stop at Charles Johnson Road at 20 miles per hour due to the increased traffic visiting the Campground and Park and to enhance the safety for all Park visitors and the public in general that is traveling said roadway connecting Greene County and Washington County; and

WHEREAS the Highway Committee after considering the request to lower the speed limit on that portion of Davy Crockett Park Road from the three-way stop at the park entrance to the three-way way stop at Charles Johnson Road to 20 miles per hour voted to sponsor said Resolution: and

WHEREAS, in further consideration of the presentation by the Park Ranger regarding his safety concerns and the increased traffic flow and to minimize the chances of accidents, a speed limit of 20 miles per hour for Davy Crockett Park Road should be established.

NOW, THEREFORE BE IT RESOLVED by the Greene County Legislative Body, meeting in regular session on the 20th day of March 2023, a quorum being present and a majority voting in the affirmative, that, pursuant to, *Tennessee Code Annotated §55-8-153(d)*, the speed limit for that portion of Davy Crockett Park Road from the three-way stop at the park entrance to the three-way way stop at Charles Johnson Road being approximately 300 hundred yards be set at 20 miles per hour.

**A RESOLUTION OF THE GREENE COUNTY LEGISLATIVE BODY TO APPROVE THE
USE OF FUNDS IN THE HIGHWAY DEPARTMENT'S FUND BALANCE IN AN
AMOUNT NOT TO EXCEED \$100,000.00 FOR THE PURCHASE TWO CaMEX LOG
LOADER DUMP TRAILERS WITH LOG LOADER GRAPPLES**

WHEREAS, the Highway Department is seeking to purchase two log loader dump trailers with log loader grapples (estimate attached as Exhibit "A") to assist the Highway Department in clearing roads and to save wear and tear on the Highway Department's gradalls; and

WHEREAS, the Highway Department is seeking to sell fourteen different items of surplus equipment on GovDeals to help offset the expense of these trailers; when these items are sold, the Highway Department is requesting that those sale proceeds be placed in the Unassigned Fund Balance line in the Highway Departments budget and;

NOW, THEREFORE BE IT RESOLVED by the county legislative body of Greene County, meeting in regular session this 20th day of March, 2023, a quorum being present and a majority voting in the affirmative, to approve the purchase of two log loader dump trailers with log loader grapples and that the General Fund - #101 budget be amended as follows:

DECREASE IN UNASSIGNED FUND BALANCE

131-39000	Unassigned Fund Balance	\$ 100,000
	Total Decrease in Unassigned Fund Balance	\$ 100,000

INCREASE IN BUDGETED APPROPRIATIONS

131-63100	Operation and Maintenance of Equipment

**RESOLUTION TO DEPOSIT THE OPIOID SETTLEMENT FUNDS FROM THE
GREENE COUNTY, ET AL. V. JOHNSON & JOHNSON/CARDINAL HEALTH ET
AL. LAWSUIT INTO THE COUNTY GENERAL FUND #101**

WHEREAS Greene County joined with other counties and municipalities in the First, Second, and Third Judicial Districts for the State of Tennessee to prosecute a civil suit originally filed by the Jesse Law Firm against certain named manufacturers of opioid and others participating in illegal drug trafficking; and

WHEREAS, a settlement was reached in the above lawsuit and the court has now approved the settlement agreement; and

WHEREAS, the total award of three hundred thirty-three thousand eight hundred two dollars and seventy-five cents (\$333,802.75) Greene County is entitled to recover will be received from the Opioid Abatement Council with restrictions on how the settlement funds can be used as described in Exhibit "A"; and

WHEREAS, after reviewing the restrictions, it appears that those settlement funds should be deposited and allocated to the General Fund #101; Account 46845, to be appropriated to organization(s) that perform functions that meet those restrictions as determined annually by the County Commission during the budgeting process.

NOW, THEREFORE, BE IT RESOLVED, by the Greene County Legislative Body, meeting in regular session on the 20th day of March, 2023, a quorum being present and a majority voting in the affirmative, that the Opioid litigation settlement funds received by Greene County be allocated to the Greene County General Fund 101, Account 46845.

**LETTER OF AGREEMENT:
OPIOID ABATEMENT FUND DISBURSEMENT AGREEMENT
FOR COUNTY ENTITIES**

Date: ***Tuesday, January 31, 2023***

To: The Honorable ***Kevin Morrison***
Greene County
204 N. Cutler St., Greeneville, TN 37745

From: Dr. Stephen Loyd, Chair of the Tennessee Opioid Abatement Council
Mary Shelton, Executive Director of the Tennessee Opioid Abatement Council

On May 24, 2021, the Tennessee General Assembly passed Public Chapter No. 491 establishing the Opioid Abatement Fund and the Opioid Abatement Council.

The Opioid Abatement Fund is the designated repository of funds that are either dedicated to opioid abatement or remediation or are otherwise directed to abatement or remediation and that are received by the state pursuant to a judgment on opioid-related claims, a recovery in bankruptcy on opioid-related claims, or a settlement of opioid-related claims. *See* Tenn. Code Ann. § 9-4-1304.

The Opioid Abatement Council is responsible for disbursing funds from the Opioid Abatement Fund. Pursuant to Tenn. Code Ann. § 33-11-103(p), for proceeds from the statewide opioid settlement agreements with McKesson Corporation, Cardinal Health, Inc., AmerisourceBergen Corporation, or Johnson & Johnson or affiliates or subsidiaries, thirty-five percent (35%) of the proceeds received shall be disbursed to counties that joined those settlements.

These funds allocated to counties *must be spent on opioid abatement and remediation purposes* that are specifically approved by the Opioid Abatement Council and included on a list of approved programs created by the Opioid Abatement Council. *See* Tenn. Code Ann. § 33-11-103(r), (s). Please see Attachment A for a list of these approved abatement and remediation activities.

In accordance with the above, the Opioid Abatement Council is disbursing ***\$333,802.75*** to ***Greene County***.

If your county chooses to accept these funds, sign this agreement (include your taxpayer identification number and requested contact information) in the space provided below. Your signature serves as your county's acceptance of the following terms and conditions:

- a) Your county agrees to utilize this money only for approved opioid abatement and remediation activities outlined in Attachment A. By signing below, you, as the representative for your county, certifies that your county will only use these funds for the approved opioid abatement and remediation activities listed in Attachment A.
- b) Your county agrees to report on a semi-annual basis to the Opioid Abatement Council requested information. This request information may include, but not be limited to, the following:
 - (1) what abatement and remediation strategies on Attachment A your county funded with these funds,

- (2) the number of people served with these funds, when the funds were spent, and
- (3) the total amount of funds spent delineated per abatement and remediation strategy as identified on Attachment A.

More information on how to report this information will be sent to your county at a later date.

- c) If your county fails to fulfill the obligations under this agreement, the State shall have the right to seek restitution, pursuant to the laws of the State of Tennessee, against your county for payments made to your county under this agreement.
- d) Your county's records and documents, insofar as they relate to the performance of your county's obligations or to payments received under this agreement, shall be maintained in a manner consistent with the accounting procedures of the Comptroller of the Treasury, pursuant to Tenn. Code Ann. § 4-3-304 and applicable rules and regulations thereunder.
- e) The funds received shall be placed in an interest-bearing account until such time as they are used for the purposes set out in this agreement. The funds received shall be distributed to the county for an initial total time period of four years. The county shall obligate all funds for specific purposes as consistent with this agreement within the initial two-year time period of the four-year time period. At any time during the four-year time period, the county may spend the funds. At the expiration of the four-year time period, the unspent funds shall revert back to the State's Opioid Abatement Fund, unless the county requests in writing and receives approval from the Council for additional time. At the expiration of the four-year time period or at the end of any extension granted by the Council, if any portion of the funds are not expended, the unexpended portion plus any accrued interest shall be returned to the State's Opioid Abatement Fund. At the expiration of the four-year time period or at the end of the extension granted by the Council, if any portion of the funds are obligated but unspent and the Council has not approved an extension, the county shall be responsible for the obligation.

We encourage you to return these materials as soon as possible. The State is prepared to process this agreement and issue payment in a timely fashion, upon receipt of these materials.

If you should have any questions or comments or need any assistance responding to this request, please contact Mary Shelton, Executive Director of the Tennessee Opioid Abatement Council at 615-946-9193 or mary.shelton@tn.gov

Please retain a copy of this letter for your records.

On behalf of **Greene County**, I hereby agree to the aforementioned terms and conditions. By signing, I certify that **Greene County** will only use these funds for the approved opioid abatement and remediation activities listed in Attachment A.

Tennessee's Opioid Abatement
Remediation Uses

Schedule A
Core Strategies

A. NALOXONE OR OTHER FDA-APPROVED DRUG TO REVERSE OPIOID OVERDOSES

1. Expand training for first responders, schools, community support groups and families; and
2. Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.

B. MEDICATION-ASSISTED TREATMENT ("MAT")
DISTRIBUTION AND OTHER OPIOID-RELATED TREATMENT

1. Increase distribution of MAT to individuals who are uninsured or whose insurance does not cover the needed service;
2. Provide education to school-based and youth-focused programs that discourage or prevent misuse;
3. Provide MAT education and awareness training to healthcare providers, EMTs, law enforcement, and other first responders; and
4. Provide treatment and recovery support services such as residential and inpatient treatment, intensive outpatient treatment, outpatient therapy or counseling, and recovery housing that allow or integrate medication and with other support services.

C. PREGNANT & POSTPARTUM WOMEN

1. Expand Screening, Brief Intervention, and Referral to Treatment ("*SBIRT*") services to non-Medicaid eligible or uninsured pregnant women;
2. Expand comprehensive evidence-based treatment and recovery services,

including MAT, for women with co- occurring Opioid Use Disorder ("*OUD*") and other Substance Use Disorder ("*SUD*")/Mental Health disorders for uninsured individuals for up to 12 months postpartum; and

3. Provide comprehensive wrap-around services to individuals with OUD, including housing, transportation, job placement/training, and childcare.

D. EXPANDING TREATMENT FOR NEONATAL ABSTINENCE SYNDROME ("*NAS*")

1. Expand comprehensive evidence-based and recovery support for NAS babies;
2. Expand services for better continuum of care with infant- need dyad; and
3. Expand long-term treatment and services for medical monitoring of NAS babies and their families.

E. EXPANSION OF WARM HAND-OFF PROGRAMS AND RECOVERY SERVICES

1. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments;
2. Expand warm hand-off services to transition to recovery services;
3. Broaden scope of recovery services to include co-occurring SUD or mental health conditions;
4. Provide comprehensive wrap-around services to individuals in recovery, including housing, transportation, job placement/training, and childcare; and
5. Hire additional social workers or other behavioral health workers to facilitate expansions above.

F. TREATMENT FOR INCARCERATED POPULATION

1. Provide evidence-based treatment and recovery support, including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system; and
2. Increase funding for jails to provide treatment to inmates with OUD.

G. PREVENTION PROGRAMS

1. Funding for media campaigns to prevent opioid use (similar to the FDA's "Real Cost" campaign to prevent youth from misusing tobacco);

2. Funding for evidence-based prevention programs in schools;
3. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the CDC's Updated Clinical Practice Guideline for Prescribing Opioids, the Tennessee Department of Health Chronic Pain Guidelines, and current evidence;
4. Funding for community drug disposal programs; and
5. Funding and training for first responders to participate in pre-arrest diversion programs, post-overdose response teams, or similar strategies that connect at-risk individuals to behavioral health services and supports.

H. EXPANDING SYRINGE SERVICE PROGRAMS

1. Provide comprehensive syringe services programs with more wrap-around services, including linkage to OUD treatment, access to sterile syringes and linkage to care and treatment of infectious diseases.

**I. EVIDENCE-BASED DATA COLLECTION AND RESEARCH
ANALYZING THE EFFECTIVENESS OF THE ABATEMENT
STRATEGIES WITHIN THE STATE**

Schedule B Approved Uses

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

PART ONE: TREATMENT

A. TREAT OPIOID USE DISORDER (OUD)

Support treatment of Opioid Use Disorder ("*OUD*") and any co-occurring Substance Use Disorder or Mental Health ("*SUDMH*") conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:²

1. Expand availability of treatment for OUD and any co-occurring SUD/MH conditions, including all forms of Medication-Assisted Treatment ("*MAT*") approved by the U.S. Food and Drug Administration.
2. Support and reimburse evidence-based services that adhere to the American Society of Addiction Medicine ("*ASAM*") continuum of care for OUD and any co-occurring SUD/MH conditions.
3. Expand telehealth to increase access to treatment for OUD and any co-occurring SUD/MH conditions, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.
4. Improve oversight of Opioid Treatment Programs ("*OTPs*") to assure evidence-based or evidence-informed practices such as adequate methadone dosing and low threshold approaches to treatment.
5. Support mobile intervention, treatment, and recovery services, offered by qualified professionals and service providers, such as peer recovery coaches, for persons with OUD and any co-occurring SUD/MH conditions and for persons who have experienced an opioid overdose.
6. Provide treatment of trauma for individuals with OUD (*e.g.*, violence, sexual assault, human trafficking, or adverse childhood experiences) and family members (*e.g.*, surviving family members after an overdose or overdose fatality), and training of health care personnel to identify and address such

trauma.

7. Support evidence-based withdrawal management services for people with OUD and any co-occurring mental health conditions.
8. Provide training on MAT for health care providers, first responders, students, or other supporting professionals, such as peer recovery coaches or recovery outreach specialists, including telementoring to assist community-based providers in rural or underserved areas.
9. Support workforce development for addiction professionals who work with persons with OUD and any co-occurring SUD/MH conditions.
10. Offer fellowships for addiction medicine specialists for direct patient care, instructors, and clinical research for treatments.
11. Offer scholarships and supports for behavioral health practitioners or workers involved in addressing OUD and any co-occurring SUD/MH or mental health conditions, including, but not limited to, training, scholarships, fellowships, loan repayment programs, or other incentives for providers to work in rural or underserved areas.
12. Provide funding and training for clinicians to obtain a waiver under the federal Drug Addiction Treatment Act of 2000 ("*DATA 2000*") to prescribe MAT for OUD, and provide technical assistance and professional support to clinicians who have obtained a DATA 2000 waiver.
13. Disseminate web-based training curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service-Opioids web-based training curriculum and motivational interviewing.
14. Develop and disseminate new curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service for Medication-Assisted Treatment.

B. SUPPORT PEOPLE IN TREATMENT AND RECOVERY

Support people in recovery from OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the programs or strategies that:

1. Provide comprehensive wrap-around services to individuals with OUD and any co-occurring SUD/MH conditions, including housing, transportation, education, job placement, job training, or childcare.
2. Provide the full continuum of care of treatment and recovery services for OUD

and any co-occurring SUD/MH conditions, including supportive housing, peer support services and counseling, community navigators, case management, and connections to community-based services.

3. Provide counseling, peer-support, recovery case management and residential treatment with access to medications for those who need it to persons with OUD and any co-occurring SUD/MH conditions.
4. Provide access to housing for people with OUD and any co-occurring SUD/MH conditions, including supportive housing, recovery housing, housing assistance programs, training for housing providers, or recovery housing programs that allow or integrate FDA-approved medication with other support services.
5. Provide community support services, including social and legal services, to assist in deinstitutionalizing persons with OUD and any co-occurring SUD/MH conditions.
6. Support or expand peer-recovery centers, which may include support groups, social events, computer access, or other services for persons with OUD and any co- occurring SUD/MH conditions.
7. Provide or support transportation to treatment or recovery programs or services for persons with OUD and any co-occurring SUD/MH conditions.
8. Provide employment training or educational services for persons in treatment for or recovery from OUD and any co-occurring SUD/MH conditions.
9. Identify successful recovery programs such as physician, pilot, and college recovery programs, and provide support and technical assistance to increase the number and capacity of high-quality programs to help those in recovery.
10. Engage non-profits, faith-based communities, and community coalitions to support people in treatment and recovery and to support family members in their efforts to support the person with OUD in the family.
11. Provide training and development of procedures for government staff to appropriately interact and provide social and other services to individuals with or in recovery from OUD, including reducing stigma.
12. Support stigma reduction efforts regarding treatment and support for persons with OUD, including reducing the stigma on effective treatment.
13. Create or support culturally appropriate services and programs for persons with OUD and any co-occurring SUD/MH conditions, including new

Americans.

14. Create and/or support recovery high schools.

15. Hire or train behavioral health workers to provide or expand any of the services or supports listed above.

C. CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED (CONNECTIONS TO CARE)

Provide connections to care for people who have--or are at risk of developing-- OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Ensure that health care providers are screening for OUD and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for OUD treatment.
2. Fund SBIRT programs to reduce the transition from use to disorders, including SBIRT services to pregnant women who are uninsured or not eligible for Medicaid.
3. Provide training and long-term implementation of SBIRT in key systems (health, schools, colleges, criminal justice, and probation), with a focus on youth and young adults when transition from misuse to opioid disorder is common.
4. Purchase automated versions of SBIRT and support ongoing costs of the technology.
5. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments.
6. Provide training for emergency room personnel treating opioid overdose patients on post-discharge planning, including community referrals for MAT, recovery case management or support services.
7. Support hospital programs that transition persons with OUD and any co-occurring SUD/MH conditions, or persons who have experienced an opioid overdose, into clinically appropriate follow-up care through a bridge clinic or similar approach.
8. Support crisis stabilization centers that serve as an alternative to hospital emergency departments for persons with OUD and any co-occurring SUD/MH conditions or persons that have experienced an opioid overdose.

9. Support the work of Emergency Medical Systems, including peer support specialists, to connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.
10. Provide funding for peer support specialists or recovery coaches in emergency departments, detox facilities, recovery centers, recovery housing, or similar settings; offer services, supports, or connections to care to persons with OUD and any co-occurring SUD/MH conditions or to persons who have experienced an opioid overdose.
11. Expand warm hand-off services to transition to recovery services.
12. Create or support school-based contacts that parents can engage with to seek immediate treatment services for their child; and support prevention, intervention, treatment, and recovery programs focused on young people.
13. Develop and support best practices on addressing OUD in the workplace.
14. Support assistance programs for health care providers with OUD.
15. Engage non-profits and the faith community as a system to support outreach for treatment.
16. Support centralized call centers that provide information and connections to appropriate services and supports for persons with OUD and any co-occurring SUD/MH conditions.

D. ADDRESS THE NEEDS OF CRIMINAL JUSTICE-INVOLVED PERSONS

Address the needs of persons with OUD and any co-occurring SUD/MH conditions who are involved in, are at risk of becoming involved in, or are transitioning out of the criminal justice system through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support pre-arrest or pre-arraignment diversion and deflection strategies for persons with OUD and any co-occurring SUD/MH conditions; including established strategies such as:
 1. Self-referral strategies such as the Angel Programs or the Police Assisted Addiction Recovery Initiative ("PAARI");
 2. Active outreach strategies such as the Drug Abuse Response Team ("DART")

model;

3. "Naloxone Plus" strategies, which work to ensure that individuals who have received naloxone to reverse the effects of an overdose are then linked to treatment programs or other appropriate services;
 4. Officer prevention strategies, such as the Law Enforcement Assisted Diversion ("*LEAD*") model;
 5. Officer intervention strategies such as the Leon County, Florida Adult Civil Citation Network or the Chicago Westside Narcotics Diversion to Treatment Initiative; or
 6. Co-responder and/or alternative responder models to address ODD-related 911 calls with greater SUD expertise.
2. Support pre-trial services that connect individuals with OUD and any co-occurring SUD/MH conditions to evidence-informed treatment, including MAT, and related services.
 3. Support treatment and recovery courts that provide evidence-based options for persons with OUD and any co-occurring SUD/MH conditions.
 4. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are incarcerated in jail or prison.
 5. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are leaving jail or prison or have recently left jail or prison, are on probation or parole, are under community corrections supervision, or are in re-entry programs or facilities.
 6. Support critical time interventions ("*CTI*"), particularly for individuals living with dual-diagnosis OUD/serious mental illness, and services for individuals who face immediate risks and service needs and risks upon release from correctional settings.
 7. Provide training on best practices for addressing the needs of criminal justice-involved persons with OUD and any co-occurring SUD/MH conditions to law enforcement, correctional, or judicial personnel or to providers of treatment, recovery, harm reduction, case management, or

other services offered in connection with any of the strategies described in this section.

E. ADDRESS THE NEEDS OF PREGNANT OR PARENTING WOMEN AND THEIR FAMILIES, INCLUDING BABIES WITH NEONATAL ABSTINENCE SYNDROME

Address the needs of pregnant or parenting women with OUD and any co-occurring SUD/MH conditions, and the needs of their families, including babies with neonatal abstinence syndrome ("NAS"), through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support evidence-based or evidence-informed treatment, including MAT, recovery services and supports, and prevention services for pregnant women---or women who could become pregnant---who have OUD and any co-occurring SUD/MH conditions, and other measures to educate and provide support to families affected by Neonatal Abstinence Syndrome.
2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for uninsured women with OUD and any co-occurring SUD/MH conditions for up to 12 months postpartum.
3. Provide training for obstetricians or other healthcare personnel who work with pregnant women and their families regarding treatment of OUD and any co-occurring SUD/MH conditions.
4. Expand comprehensive evidence-based treatment and recovery support for NAS babies; expand services for better continuum of care with infant-need dyad; and expand long-term treatment and services for medical monitoring of NAS babies and their families.
5. Provide training to health care providers who work with pregnant or parenting women on best practices for compliance with federal requirements that children born with NAS get referred to appropriate services and receive a plan of safe care.
6. Provide child and family supports for parenting women with OUD and any co- occurring SUD/MH conditions.
7. Provide enhanced family support and childcare services for parents with OUD and any co-occurring SUD/MH conditions.
8. Provide enhanced support for children and family members suffering trauma as a result of addiction in the family; and offer trauma-informed

behavioral health treatment for adverse childhood events.

9. Offer home-based wrap-around services to persons with OUD and any co-occurring SUD/MH conditions, including, but not limited to, parent skills training.
10. Provide support for Children's Services-Fund additional positions and services, including supportive housing and other residential services, relating to children being removed from the home and/or placed in foster care due to custodial opioid use.

PART TWO: PREVENTION

F. PREVENT OVER-PRESCRIBING AND ENSURE APPROPRIATE PRESCRIBING AND DISPENSING OF OPIOIDS

Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the CDC's Updated Clinical Practice Guideline for Prescribing Opioids, the Tennessee Department of Health Chronic Pain Guidelines, and current evidence.
2. Training for health care providers regarding safe and responsible opioid prescribing, dosing, and tapering patients off opioids.
3. Continuing Medical Education (CME) on appropriate prescribing of opioids.
4. Providing Support for non-opioid pain treatment alternatives, including training providers to offer or refer to multi-modal, evidence-informed treatment of pain.
5. Supporting enhancements or improvements to Prescription Drug Monitoring Programs ("PDMPs"), including, but not limited to, improvements that:
 1. Increase the number of prescribers using PDMPs;
 2. Improve point-of-care decision-making by increasing the quantity, quality, or format of data available to prescribers using PDMPs, by improving the interface that prescribers use to access PDMP data, or both; or

3. Enable states to use PDMP data in support of surveillance or intervention strategies, including MAT referrals and follow-up for individuals identified within PDMP data as likely to experience OUD in a manner that complies with all relevant privacy and security laws and rules.
6. Ensuring PDMPs incorporate available overdose/naloxone deployment data, including the United States Department of Transportation's Emergency Medical Technician overdose database in a manner that complies with all relevant privacy and security laws and rules.
7. Increasing electronic prescribing to prevent diversion or forgery.
8. Educating dispensers on appropriate opioid dispensing.

G. PREVENT MISUSE OF OPIOIDS

Support efforts to discourage or prevent misuse of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding media campaigns to prevent opioid misuse.
2. Corrective advertising or affirmative public education campaigns based on evidence.
3. Public education relating to drug disposal.
4. Drug take-back disposal or destruction programs.
5. Funding community anti-drug coalitions that engage in drug prevention efforts.
6. Supporting community coalitions in implementing evidence-informed prevention, such as reduced social access and physical access, stigma reduction-including staffing, educational campaigns, support for people in treatment or recovery, or training of coalitions in evidence-informed implementation, including the Strategic Prevention Framework developed by the U.S. Substance Abuse and Mental Health Services Administration ("SAMHSA").
7. Engaging non-profits and faith-based communities as systems to support prevention.
8. Funding evidence-based prevention programs in schools or evidence-informed school and community education programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and

student associations, and others.

9. School-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids.
10. Create or support community-based education or intervention services for families, youth, and adolescents at risk for OUD and any co-occurring SUD/MH conditions.
11. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.
12. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses, behavioral health workers or other school staff, to address mental health needs in young people that (when not properly addressed) increase the risk of opioid or another drug misuse.

H. PREVENT OVERDOSE DEATHS AND OTHER HARMS (HARM REDUCTION)

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Increased availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, individuals with OUD and their friends and family members, schools, community navigators and outreach workers, persons being released from jail or prison, or other members of the general public.
2. Public health entities providing free naloxone to anyone in the community.
3. Training and education regarding naloxone and other drugs that treat overdoses for first responders, overdose patients, patients taking opioids, families, schools, community support groups, and other members of the general public.
4. Enabling school nurses and other school staff to respond to opioid overdoses, and provide them with naloxone, training, and support.
5. Expanding, improving, or developing data tracking software and applications for overdoses/naloxone revivals.
6. Public education relating to emergency responses to overdoses.

7. Public education relating to immunity and Good Samaritan laws.
8. Educating first responders regarding the existence and operation of immunity and Good Samaritan laws.
9. Syringe service programs and other evidence-informed programs to reduce harms associated with intravenous drug use, including supplies, staffing, space, peer support services, referrals to treatment, fentanyl checking, connections to care, and the full range of harm reduction and treatment services provided by these programs.
10. Expanding access to testing and treatment for infectious diseases such as HIV and Hepatitis C resulting from intravenous opioid use.
11. Supporting mobile units that offer or provide referrals to harm reduction services, treatment, recovery supports, health care, or other appropriate services to persons that use opioids or persons with OUD and any co-occurring SUD/MH conditions.
12. Providing training in harm reduction strategies to health care providers, students, peer recovery coaches, recovery outreach specialists, or other professionals that provide care to persons who use opioids or persons with OUD and any co-occurring SUD/MH conditions.
13. Supporting screening for fentanyl in routine clinical toxicology testing.

PART THREE: OTHER STRATEGIES

I. FIRST RESPONDERS

In addition to items in section C, D and H relating to first responders, support the following:

1. Education of law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs.
2. Provision of wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events.

J. LEADERSHIP, PLANNING AND COORDINATION

Support efforts to provide leadership, planning, coordination, facilitations, training and technical assistance to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Statewide, regional, local or community regional planning to identify root causes of addiction and overdose, goals for reducing harms related to the opioid epidemic, and areas and populations with the greatest needs for treatment intervention services, and to support training and technical assistance and other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
2. A dashboard to (a) share reports, recommendations, or plans to spend opioid settlement funds; (b) to show how opioid settlement funds have been spent; (c) to report program or strategy outcomes; or (d) to track, share or visualize key opioid- or health-related indicators and supports as identified through collaborative statewide, regional, local or community processes.
3. Invest in infrastructure or staffing at government or not-for-profit agencies to support collaborative, cross-system coordination with the purpose of preventing overprescribing, opioid misuse, or opioid overdoses, treating those with OUD and any co-occurring SUD/MH conditions, supporting them in treatment or recovery, connecting them to care, or implementing other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
4. Provide resources to staff government oversight and management of opioid abatement programs.

K. TRAINING

In addition to the training referred to throughout this document, support training to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, those that:

1. Provide funding for staff training or networking programs and services to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis.
2. Support infrastructure and staffing for collaborative cross-system coordination to prevent opioid misuse, prevent overdoses, and treat those with OUD and any co- occurring SUD/MH conditions, or implement other strategies to abate the opioid epidemic described in this opioid abatement strategy list (*e.g.*, health care, primary care, pharmacies, PDMPs, etc.).

L. RESEARCH

Support opioid abatement research that may include, but is not limited to, the following:

1. Monitoring, surveillance, data collection and evaluation of programs and strategies described in this opioid abatement strategy list.
2. Research non-opioid treatment of chronic pain.
3. Research on improved service delivery for modalities such as SBIRT that demonstrate promising but mixed results in populations vulnerable to opioid use disorders.
4. Research on novel harm reduction and prevention efforts such as the provision of fentanyl test strips.
5. Research on innovative supply-side enforcement efforts such as improved detection of mail-based delivery of synthetic opioids.
6. Expanded research on swift/certain/fair models to reduce and deter opioid misuse within criminal justice populations that build upon promising approaches used to address other substances (*e.g.*, Hawaii HOPE and Dakota 24/7).
7. Epidemiological surveillance of OUD-related behaviors in critical populations, including individuals entering the criminal justice system, including, but not limited to approaches modeled on the Arrestee Drug Abuse Monitoring (“ADAM”) system.
8. Qualitative and quantitative research regarding public health risks and harm reduction opportunities within illicit drug markets, including surveys of market participants who sell or distribute illicit opioids.
9. Geospatial analysis of access barriers to MAT and their association with treatment engagement and treatment outcomes.

Subject: Resolution for Coroner Budget 54610

Could I get a resolution for the Budget & Finance committee to have \$6300.00 placed into 54610-790 from revenue from the Office of State Chief Medical Examiner for reimbursement for death investigations for 2022? I have copies of Trustee receipts if you would happen to need those.... We have done this same resolution a couple times before for this money. Let me know if you need any other information. Thanks

State of Tennessee

PUBLIC CHAPTER NO. 1003

HOUSE BILL NO. 2542

By Representatives Williams, Howell

Substituted for: Senate Bill No. 2884

By Senators Bailey, Bowling

AN ACT to amend Tennessee Code Annotated, Section 55-6-104, relative to county clerk fees.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE.

SECTION 1. Tennessee Code Annotated, Section 55-6-104(a)(3), is amended by deleting the subdivision and substituting instead the following:

(3) For receiving and forwarding to the division each application for certificates of title, including all acknowledgments of signatures thereunder, the sum of eight dollars and fifty cents (\$8.50); provided, that three dollars (\$3.00) of the fee must be earmarked for the provision of services directly related to titling and registration and must not revert to the county general fund at the end of a budget year if unexpended;

SECTION 2. This act takes effect July 1, 2022, the public welfare requiring it.

HOUSE BILL NO. 2542

PASSED: April 21, 2022

CAMERON SEXTON, SPEAKER
HOUSE OF REPRESENTATIVES

RANDY MCNALLY
SPEAKER OF THE SENATE

APPROVED this 5th day of May 2022

BILL LEE, GOVERNOR

**A RESOLUTION OF THE GREENE COUNTY LEGISLATIVE BODY APPROVING
THE AMENDMENT OF FUND #127 - AMERICAN RESCUE PLAN FUND TO
REFLECT THE ASSOCIATE PREMIUM PAY APPROVED IN OCTOBER 2022 FOR
THE FISCAL YEAR ENDING JUNE 30, 2023**

WHEREAS, during the October 2021 commission meeting Project "A" - Premium Pay was presented. As defined in the Rule, Premium Pay can be issued to Essential Workers. *"Essential workers are those in critical infrastructure sectors who regularly perform in-person work, interact with others at work, or physically handle items handled by others. Critical infrastructure sectors include healthcare, education and childcare, transportation, sanitation, grocery and food production, and public health and safety, among others, as provided in the Interim Final Rule. Governments receiving Fiscal Recovery Funds have the discretion to add additional sectors to this list, so long as the sectors are considered critical to protect the health and well-being of residents. The Interim Final Rule emphasizes the need for recipients to prioritize premium pay for lower income workers. Premium pay that would increase a worker's total pay above 150% of the greater of the state or county average annual wage requires specific justification for how it responds to the needs of these workers."* Greene County requested and was granted approval to use approximately one million two hundred sixty thousand six hundred seventy-seven dollars (\$1,239,172.12), and;

WHEREAS, Greene County requests that the budget for Fund #127 – American Rescue Plan Fund be amended as defined in Exhibit "A", and;

NOW, THEREFORE; be it resolved by the Greene County Legislative Body meeting in regular session this 20th day of March, 2023, a quorum being present and a majority voting in the affirmative, that the budget be amended as below.
